US Will Provide Arms to Allies, Keep A-Warheads

US Source Says New Weapons Will Be Able to Fire Either Regular or Nuclear Explosions

PARIS (AP)—The United States today promised to supply modern weapons, capable of firing atomic charges, to its NATO allies but made it clear that the United States will retain possession of the atomic warheads.

A U.S. source said the new weapons to be made available have "dual capacity," meaning that they can fire either conventional or nuclear explosives.

He said that because of the U.S.

law prohibiting transfer of military atomic elements to foreign countries, only the conventional explosives would be furnished to allies of the North Atlantic Treaty Organization.

The U.S. promise came in a 15-minute report by Defense Secretary Charles E. Wilson in answer to requests from European NATO members for tactical atomic weapons. Wilson spoke at a closed session of the Ministerial Council of the 15-nation alliance.

The session also named Belgian Foreign Minister Paul-Henri Spaak, a middle-of-the-road socialist, as its new secretary general. Spaak, one of the leading workers for a united Europe, succeeds Lord Ismay of Britain. Ismay retires in April after holding the post for five years.

Wilson said that in addition to the delivery of new and modern arms—whose nature he did not specify—the United States would assist those allies who are willing and able to develop their own modern weapon systems.

He said America is prepared to make available promptly "certain items" of modern weapons and equipment, along with the technical data to help the development and production of such arms.

A high NATO source was asked if this meant the United States is prepared to help European countries produce their own atomic weapons. The informant said he could not answer that question nor go beyond what Wilson had said.

The United States' European allies have expressed their mounting desires to transform their armed forces in line with the realities of the atomic age. Ministers at the current meeting have emphasized not only their yearning for security from possible Soviet attack but also their resolve to cut defense bills by depending on smaller armies with more modern weapons.

Wilson made no reference to any possibility that President Eisenhower's administration might ask Congress to amend U.S. laws to permit the shipment of atomic warheads to the NATO allies.

The defense secretary said that coordinated and integrated production of the latest style weapons in Europe would further the objective of equipping NATO with modern arms, and would make better use of the vast pool of technical skills and resources that already exist in Western Europe.

Dulles said it would be unfair to other nations outside NATO with which the United States has mutual defense pacts if Washington could not act without first consulting NATO.

Pearson said the report established certain guidelines which should lead to closer cooperation. He added:

"But consultation means more than coming to NATO and telling what your government is going to do. It means consulting on policy before policy is translated into action. The importance of our work will depend on what the governments do about it."

Worm Raises Threat To State's Booming Soybean Production

JEFFERSON CITY (AP)—A tiny worm raised a threat today to Missouri's booming soybean production.

Julius R. Anderson, state entomologist in the Department of Agriculture, disclosed a soil sample taken near Hayti, Mo., has been found to be infested with the soybean cyst nematode, an oriental pest that attacks the soybean roots.

He said further tests will be made to determine the extent of the infestation and a quarantine may have to be imposed if federal entomologists recommend it.

Gas Shortage Stops Flights—

South Pole Now Has Pole But No Christmas Tree

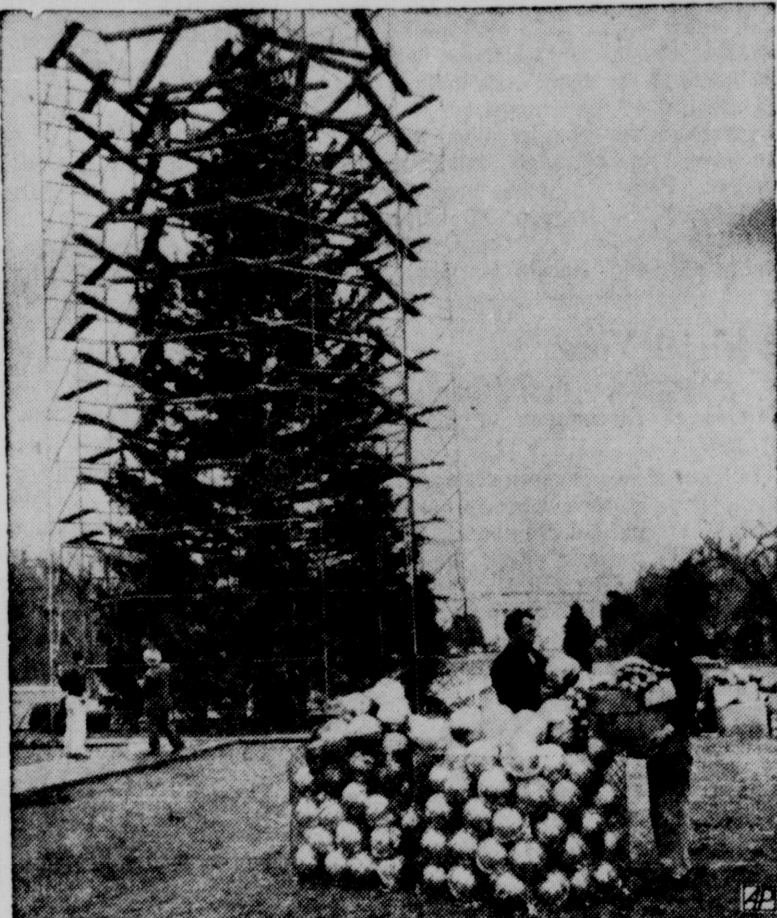

MC MURDO SOUND, Antarctica (AP)—The South Pole now really has a pole, but its white Christmas may not be graced by a tree.

The pole's pole, a heavy length of bamboo striped with black and yellow paint, was dropped to the 24-man American polar party Wednesday. But that cargo flight was the last until the Navy, Air Force, Santa Claus or somebody comes up with some more aviation gasoline.

Waiting here for distribution to the U.S. Deep Freeze groups are eight Christmas trees flown in from Oregon. One was to be dropped at the pole. How to get it there is the problem.

A new supply of airplane fuel is aboard the tanker Nespelen, 1,000 miles away from this antarctic base. An icebreaker will have to clear part of its path to McMurdo. The arrival date is uncertain.

The 24 men at the South Pole, most of them Seabees, are building a scientific base for observations during the International Geophysical Year. Their best hope for a spot of Christmas greenery amid the vast expanse of white

Official Vote Gives Blair 74,418 Edge

Governor-elect Has Total of 941,528 To GOP's 867,110

JEFFERSON CITY (AP)—La. Gov. James T. Blair Jr., won the Missouri governorship by a 74,418 majority, the secretary of state's official canvass of the Nov. 6 general election voting disclosed today.

Blair's total was 941,528 and Republican Lon Hocker of St. Louis got 867,110.

Sen. Thomas C. Hennings Jr., of St. Louis set a record in polling 1,015,916 votes to win a second term. Will Davis, chief clerk in the secretary of state's office, said that was the highest vote ever run up by a senatorial candidate.

Hennings defeated Republican Herbert Douglas of Neosho by 230,868 votes.

In the state races the total vote barely topped 1,900,000 compared with an estimated 2,000,000 eligible voters. It went slightly higher in the presidential contest.

An earlier canvass of the presidential voting gave a total of 1,832,572 voters, with Adlai Stevenson eking out a 3,974 vote victory over President Eisenhower.

All the results of the official canvass confirmed unofficial tabulations compiled by the Associated Press election night.

Among the elective state officials, Atty. Gen. John M. Dalton of Kennett piled up the biggest majority in winning a second term over Republican Sen. Vincent E. Baker of Kansas City.

Dalton polled 987,111 to Baker's 802,361.

For lieutenant governor, Sen. Edward V. Long of Clarksville, Democrat, beat Republican Richard M. Webster of Carthage 958,011 to 832,918.

For secretary of state, Democrat Walter H. Toberman of St. Louis won a third term by defeating Republican Jesse E. Smith of Springfield 971,494 to 819,155.

And for treasurer, Revenue Director M. E. Morris, Democrat, defeated Republican F. P. (Ted) (Please turn to page 2, column 5)

La Marca To Go to Chair January 28

MINEOLA, N. Y. (AP)—Angelo LaMarca, the kidnap slayer of baby Peter Weinberger, today was sentenced to die in Sing Sing Prison's electric chair the week of Jan. 28.

Nassau County Judge Mario Pitoni passed the execution sentence, after rejecting a number of motions to set aside LaMarca's conviction.

LaMarca was convicted a week ago by a jury of 12 fathers of kidnapping and first degree murder. The verdict carried a mandatory death penalty.

LaMarca, 31-year-old mechanic and cab driver, kidnaped the Weinberger baby last July 4, and abandoned the 32-day-old infant to die in a thicket off a Long Island road.

At his sentencing, he stood erect, held his head up, and eyed the judge levelly, in contrast to his bearing throughout his trial, when he sat slumped, his eyes constantly downcast.

Police Get Order To Enforce Law For Pedestrians

Pedestrians had better start obeying traffic lights. The Sedalia police have been ordered to crack down on offenders who go marching across the street against the red traffic light. Recently several near accidents were caused by pedestrians who shot off the curb into the line of oncoming traffic.

In recent weeks police have been blowing their whistles at violators who start across on the red light, as warnings, endeavoring to educate the people to obey the city ordinance covering such violations.

Now when one starts across, he or she may get a "toot" on the whistle and if he fails to get back to the curb and continues across the street, then the arrest will occur.

Police Chief Edgar Neighbors, in discussing the traffic violations said "It is just as bad a violation for a pedestrian to walk against a red light as it is for an automobile to be driven through a light."

The traffic ordinance covers both violations. Motorists have been complaining about the violations and of people nearly causing them to have an accident.

"The people have had plenty of time to learn, plenty of warnings have been given, now the time has come for the arrest of such violators. We don't like to make arrests, but when it becomes necessary the men will make them to enforce these laws," the chief said.

Violators will be treated the same as motorists. If it is necessary, they will be arrested and taken to police headquarters, or they may be simply issued a traffic ticket. The choice between arrest or issuing of a ticket will depend upon the action of the person involved at the time he or she is stopped.

The fine for pedestrians going against a red traffic light is the same for motorists, and they will be treated alike.

Rotary Club Moves to Arrange For Hungarians to Come Here

One Sedalian Has Already Made Invitation

One or more Hungarian refugee families will live in the Sedalia area if present plans of the Sedalia Rotary Club materializes, it was learned here today.

The international relations division of the local Rotary Club has taken the initiative in acting as coordinator of information and procedures for individuals and businesses who are interested in giving employment to a few of the 21,000 refugees who have fled Hungary to find asylum in the United States after recent developments in their homeland.

Spearheaded by Bill Hopkins, director of the Rotary International relations affairs here, and Harry W. Walsh, chairman of the committee for international contacts, the local Rotary Club has received word from the State Department in Washington, D. C. on the procedures to be followed in bringing refugees to this country.

One Sedalia businessman has already taken steps in asking for a married Hungarian couple. He will specifically request that the husband be interested in working on one of his farms and the wife will be willing to serve as a cook in the household. In return for this, housing, room and board, and a substantial income will be provided for the couple.

To volunteer employment for Hungarian refugees, the prospective employer must work through a national welfare agency. It being noted there are 12 listed. All of these are religious organizations. The applicant will advise of all of the pertinent information concerning the job that can be offered, the possibilities of housing, the approximate age group desired, whether a family with children will be acceptable, and any other data which will help the welfare agency to screen the refugees.

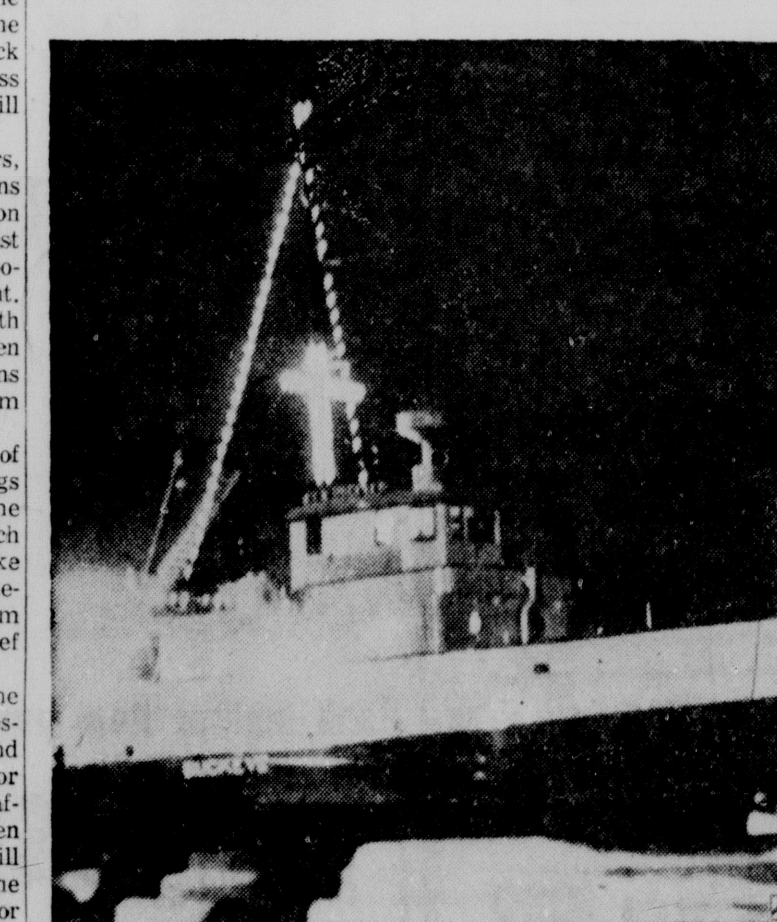

After the refugees are located here, the government and the welfare agency will be in close contact with them until such time they will be entirely independent.

It was originally planned to admit only 5,000 Hungarians into the country on a permanent basis. Because of the seriousness of the situation in that country and the large exodus from Hungary, 16,000 other refugees are being brought to the United States on temporary visas with possibilities being favorable that the latter group will eventually have a permanent status.

Anyone interested in securing more information concerning the establishing of Hungarian refugees in this area are requested to contact Walsh by telephone at 634 or Hopkins at 301.

They Demand Kadar Yield Two Leaders

Laborers Go Back To Their Plants, Refuse to Produce

BUDAPEST (AP)—An estimated 28,000 workers in Hungary's biggest industrial complex—the huge Csepel iron and steel works south of Budapest—defied Russian tanks and troops today to stage a new sitdown strike.

About 80 per cent of the Csepel workers' force of more than 36,000 joined thousands of workers in a dozen other Budapest factories in demanding that puppet Premier Janos Kadar's regime release the workers' two top labor leaders.

The workers reported to their plants but refused to produce.

At Budapest's biggest electrical products plant, the Bejollanis electric factory, 6,000 workers refused to man their machines in defiance of troops and police who had seized their plant.

Sandor Racz, chairman of the outlawed Budapest Central Workers' Council, and Sandor Bari, council vice chairman, were arrested yesterday after they had ordered a two-day general strike which paralyzed most of the country's industry and commerce Tuesday and Wednesday. Racz and Bari were employed at Bejollanis.

The Csepel protesters were defying Russian officers and troops as well as Hungarian Communist militia and police.

A Kadar government commission headed by two Soviet army colonels marched into the huge works yesterday, declared the plants workers' council dissolved and took over. But it could not force the workers to produce.

A Csepel worker outside the plant's gates told Western reporters:

"When they think they can arbitrarily arrest our leaders they have another thing coming."

Except for the work stoppages Budapest appeared quiet up to noon with streetcar and bus service almost back to normal.

Newsman touring the capital's industrial 11th District noted many workers standing around factory yards while others pushed handcars as slowly as possible.

Smoke was coming out of only a few of the many factory chimneys in the district.

Workers explained that another factor hampering production was shortage of coal and electric power. The electricity was shut off this morning in many hotels in downtown Budapest.

Kadar's government broadcast a threat to dismiss thousands of workers if coal miners who have stayed away from the pits since the outbreak of the October revolution did not return to work.

Budapest radio said in view of the increasing danger of an inflation, the government can no longer bear the responsibility of paying idle factory workers.

Civic Club Donations Increase Hungarian Relief Fund to \$551

Contributions by Kiwanis, Rotary, Optimist and Lions Clubs in Sedalia have increased the Red Cross Hungarian Relief Fund to \$551.84. Pettis County's allotment for the emergency appeal was set at \$884.00, so only 62.5 per cent of that amount has been raised so far and this mostly through local service clubs.

Individual contributions in any amount are welcome and will be accepted in person or by mail at the Red Cross office, 112 West Fourth Street.

Those persons out in the county who plan to support the Hungarian Relief Fund are requested to mail their checks immediately so Pettis County can report it has met the challenge.

Satellites Will Carry Smaller Units to Space

WASHINGTON (AP)—Some of the earth satellites which will be fired hundreds of miles into the air during the 1957-1958 International Geophysical Year will carry "subsatellites," it was announced today.

The National Advisory Committee for Aeronautics said the subsatellites, weighing only 10 1/2 ounces, will be inflated automatically after being ejected from a rocket booster. This booster will be the third and last of a series designed to send the main satellite to its maximum altitude some 300 miles above the earth.

In its announcement, NACA said the subsatellite "will be especially valuable in measurement of the density of air in the extreme outer limits of the earth's atmosphere and in determining the satellite's drag."

Made of aluminum-coated plastic, the subsatellites will be inflated to a diameter of 20 inches, the same as the satellite itself.

The NACA credited William J. O'Sullivan Jr., aeronautical research scientist at the NACA's Langley (Va.) Aeronautical Laboratory, with originating what it called "the novel manner" of subsatellite construction.

Larger subsatellites, which would be visible to the human eye while aloft may be built for later uses, the announcement said.

In the close Seventh Congressional District race, where Charlie Brown, Springfield Democrat, unseated the veteran Rep. Dewey Short, Galena Republican, the official margin of victory was a scant 1,060 votes.

Brown polled 90,906, Short 89,926. Here are the results in the other congressional districts, where all the incumbents won re-election:

First — Rep. Frank M. Karsten of St. Louis (D) 136,873, Bill Bangert (R) of Normandy 69,661.

Second — James L. Sullivan of St. Louis 114,837, Rep. Thomas B. Curtis (R) of Webster Groves 123,396.

Third — Rep. Leonor K. Sullivan (D) of St. Louis 96,416, Sidney R. Redmond (R) of St. Louis 42,023.

Fourth — Rep. George H. Christopher (D) of Butler 98,106, Jeffery P. Hilleison (R) of Kansas City 91,392.

Fifth — Rep. Richard Bolling (D) of Kansas City 77,287, Lem T. Jones Jr. (R) of Kansas City 57,778.

Sixth — Rep. W. R. Hull Jr. (D) of Weston 85,021, Mayor Stanley I. Dale (R) of St. Joseph 78,637.

Eighth — Rep. A. S. J. Carnahan (D) of Ellipton 69,336, Frank W. May (R) of Desloge 58,425.

Ninth — Rep. Clarence Cannon (D) of Elsberry (unopposed) 100,065.

Tenth — Rep. Paul C. Jones (D) of Kennett (unopposed) 69,536.

Eleventh — Rep. Morgan M. Maulder (D) of Camdenton 72,394, George H. Miller (R) of Sedalia 70,286.

Paul Tredway Is Made Sunday Editor of Globe

Paul W. Tredway, son of the late Paul Tredway, the latter general foreman of the Missouri Pacific shops in Sedalia several decades ago, has been made Sunday editor of the St. Louis Globe-Democrat. The past few years he had been editor of the feature section. Tredway joined The Globe-Democrat news staff in 1937 after graduation from the College of Arts and Sciences of St. Louis University, where he was editor of the college paper.

He served as a reporter and writer and in 1951 was named editor of the feature section.

From 1942 to 1945, he was a special agent in the United States Army counter-intelligence corps, serving in Australia, New Guinea, the Philippines and Japan, and was awarded the Bronze Star for meritorious service.

While attending the university, he was appointed to Alpha Sigma Nu, national Jesuit university honor fraternity, and also is a member of Sigma Delta Chi, national journalistic fraternity.

Tredway lives with his wife and daughter at 1201 Boland pl., Richmond Heights. His wife, the former Martha Stanard, formerly was women's page editor of The Globe-Democrat.

As Sunday editor, Tredway succeeds Justin L. Faherty, recently named to a new post to gather and produce new Sunday material for the group of newspapers owned by S. I. Newhouse, owner of The Globe-Democrat.

Ladies Aid Has Gift Exchange During Meeting

The St. Paul's Lutheran Ladies Aid met Thursday, Dec. 6, for a Christmas party which began with a 12 o'clock covered dish luncheon for which the hostesses Mrs. Walter Wolff and Mrs. W. R. Rantum had charge of the serving.

The long table was very attractive with the cedar and pine twigs winding down the center with clusters of bright and colorful ornaments. Favors were peppermint candy with a tiny piece of cedar fastened to each. These, along with Christmas napkins were at each place. Mrs. E. J. Thomas decorated the tables.

After the dinner a box was passed and each one took out a card which had been cut in two and the other half was fastened on the gifts. The gifts were then passed down the line and each one had to find the gift which had the matching piece to theirs. This, the members found, was a lot of fun.

The Christmas tree was then lighted and several hymns were sung after which the Rev. Walter Strickert gave the devotional and topic study.

The president, Mrs. William Schutt, called the meeting to order. Mrs. E. E. Kasak and Mrs. H. J. Kuhlman told of 18 members visiting Buena Vista Home taking with them a little gift for each person there and cookies for all of them. They also told of the nice time they had visiting with the people of the home and of the short program they presented.

Mrs. Schutt then turned the meeting over to the nominating committee composed of Mrs. E. C. Schlichting, Mrs. Walter Strickert and Mrs. Leonard Miller. The election of officers was then held. Mrs. William Schutt was re-elected president, and other officers elected were, vice-president Mrs. W. H. Harms; secretary, Mrs. Al Schreiner, and treasurer, Miss Elizabeth Mueller.

The president announced the following are members of the auditing committee: Mrs. Walter Wolff, Mrs. Charles Wenig and Mrs. Emil Bethe.

She then announced the committees for the next three months, January, February and March as follows: visiting committee, Mrs. Fred Wagner and Mrs. J. G. Stinnett; social committee, Mrs. E. C. Schlichting and Mrs. Jake Stubinger; and membership committee, Mrs. W. H. Harms and Mrs. H. J. Kuhlman.

Mrs. Schutt then expressed her appreciation to all who served on committees during the past year.

There were 29 members present at the Christmas party and nine guests, the Rev. Walter Strickert and Doty, Mrs. E. J. Brackman, Mrs. John Bergmann, Mrs. Walter Bohlken, Mrs. Clara Gerschelski, Mrs. Rudolph Grother, Mrs. Jesse Dailey and Mrs. Emmett McGrady.

The meeting adjourned with the Lord's prayer in unison.

The next meeting will be on

Officers' Wives Hold December Meeting

The Whiteman Officers' Wives held their December business meeting and luncheon in the newly decorated dining room. In the center planter was a huge limbo, gilded and adorned with large green balls. The centerpiece for the tables were confections of tiny gold deer, green candles, and greenery on a white base; these were later given as door prizes.

The board table boasted a gay circular candelabra with a tiny golden tree in the center. The side pieces were large gold reindeer with harnesses of glitter.

After the short business meeting a hot turkey luncheon was served.

The Smith-Cotton Senior Girls Choir was then introduced and they sang carols, both old and new. This was enjoyed by the club, who wished that everyone could have the opportunity of hearing this talented group.

At the last a round robin gift exchange was held.

The hostesses for this event were Mrs. Freda Clark, Mrs. Virginia Patterson, Mrs. Fran Grosse, Mrs. Helen Cole and Mrs. Yvonne Merak, all from Knob Noster.

Due to the closeness of the holidays, the business meeting of the Whiteman Officers' Wives club will be held on Jan. 9.

Don't Go Nutty Shopping...

The Christmas shopping rush in Sedalia is on in full swing. Night store hours are 8:30 Friday, then next Monday and Thursday, Friday and Saturday nights open again until 8:30. Christmas Eve regular closing will be at 5 p. m.

Along with full time day opening hours this Christmas schedule of Sedalia's stores is affording shoppers an opportunity to do their buying leisurely. Central Missourians have been doing just that judging from the automobiles in town without Sedalia license stickers.

As usual, most of the shopping is being done by the women, some of whom are putting off the chore. Later on this will result in that puffing and blowing routine when hubble comes home to receive the customary pre-Christmas greeting: "Jim, I'm all tuckered out and just about half crazy from this shopping trip. You'll have to go get us a couple of hamburgers for supper."

What with all that women go through with one might conclude they would provide the majority of customers for the nut house. But according to the Metropolitan Life Insurance Company

statisticians more men than women are hospitalized for mental disorders in the United States. The last annual checkup revealed about 95,000 males and 76,000 females were admitted to mental hospitals for the first time. Rates for first admission are highest among the aged. About half are under 45.

We like to think that making on like crazy over tedious Christmas shopping trips is just a natural reflex of women who actually get a big build up from it in anticipation of cheering up the family with surprise gifts.

Anyway there is still time to escape being run over in the last rush before Christmas.

Despite all the encouragement to "get your Christmas shopping done early," there still remain segments of the population which deliberately and admittedly put off buying to the last minute just because "they love crowds."

If you are one with that sort of psychosis remember you may drive some of those Sedalia salespeople to the bug house because of your contribution to the confusion of the last minute shopping rush.

Washington Merry-Go-Round—

Diplomatic Jockeying On Oil Boycott

By DREW PEARSON

WASHINGTON — A great deal of backstage diplomatic jockeying took place before the United States finally agreed to furnish oil to our long-time allies, Britain and France. The extent of this jockeying is important as an indication of how far the State Department has drifted away from western Europe and how entrenched it has become of its new-found friends in the Asian-African bloc.

It took hot warnings by U. S. Ambassador Douglas Dillon in France, by General Gruenther, former head of NATO, plus a table-pounding session with Sen. Hubert Humphrey of Minnesota to jog the State Department out of its oil boycott of Western Europe.

The Humphrey session was especially significant. The Minnesota Democrat is now serving as a member of the American delegation to the United Nations in New York. He came to Washington, asked to see Acting Secretary Herbert Hoover Jr., but was turned down. Hoover, a former executive of Union Oil, closely affiliated with Gulf Oil which gets most of its product from the Near East, has leaned heavily toward the Arab States.

In the old days, a U. S. Senator could always see the President of the United States, to say nothing of the Secretary of State. But Humphrey was not even able to see the Undersecretary of State. Instead he saw Deputy Undersecretary Robert Murphy, Robert Hill, assistant secretary for Congressional Relations, and Francis Wilcox, assistant secretary for International Organizations. They listened as the Minnesota senator warned that the State Department's oil boycott of England and France was splitting NATO and the defense of Europe right down the middle.

"We put too much into the NATO alliance," Humphrey warned, "to behave like miffed children toward our old allies."

The State Department officials argued that the United States had made so many new friends among the Arab countries that they did not want to antagonize them by selling oil to England and France.

"Yes," replied Humphrey, "but your new friends will judge you by the way you treat your old friends. If we push our old friends, the French and British, around just because they made a mistake and now admit it, what makes you think our new friends aren't going to judge us accordingly?"

In the end, Senator Humphrey threatened to resign from the American delegation to the UN if oil was not sent to England and France. Other factors influenced the situation, such as the British promise to the State Department that they would announce withdrawal from Suez, but the furnishing of oil on credit was announced four days later.

Guest Editorial—

SAUGER (Calif.) HERALD: Clean-up Campaign. The campaign to clean up California's roadsides, freeways and scenic spots is paying dividends. There has been a great improvement in the past year. State law enforcement agencies, the California State Chamber of Commerce and the California Brewers Association are working together to make "litter-bugging" unpopular.

These groups have been aided in this statewide activity by the oil companies, automobile clubs, numerous women's organizations, county boards of supervisors and many others. As a result, in this, the fourth year of the litterbug campaign, California's beaches, parks, city streets, recreational areas and state highways have been vastly improved.

But these areas are still far from perfect. In order to intensify the public education program, the California State Chamber has issued a revised edition of its helpful "clean-up booklet."

Favorable public opinion, in which the general motoring public realizes the advantages of clean roadsides, is a goal worth striving for and the state chamber and other interested parties deserve great credit for sparkplugging this consistent campaign.

now he's fearful there might be a Communist in the lot. . . . There are now 100,000 refugees in Vienna sleeping in tents, on the floor or in the open as their reward for battling Communism. . . . Georgia Republicans have been feuding over the soil-bank program. When the GOP national committeeman Robert Snodgrass criticized the soil bank in Georgia it so infuriated GOP Georgia Chairman Bill Scharter that he demanded Snodgrass be fired. . . . Sen. Lyndon Johnson of Texas, the Democrat leader, has cabled all Dems traveling abroad to get home by January 1. Otherwise a loss of one vote could upset the Democratic margin in the Senate — and of course lose Lyndon his job.

Nixon Aftermaths

Before Vice President Nixon made his recent speech pledging aid to western Europe, newsmen were called in for a so-called "background." This means they were told for "background" that the Nixon speech was to be a great speech, another way of advising that it be given headlines.

There have been two important aftermaths of the Nixon speech. Upon them will depend whether it lives up to the advance "background" billing.

Aftermath No. 1 — Secretary of the Treasury George Humphrey said there would be no aid for western Europe other than through the Export-Import Bank and the International Monetary Fund. This was in direct contradiction to Mr. Nixon, and on financial matters George Humphrey usually knows what he's talking about.

Furthermore, the confidential budget figures, which already are made up, bear Humphrey out. They call for \$4,200,000,000 of foreign aid, which is less than the \$4,700,000,000 requested for last year, and nearer the \$3,900,000,000 which Congress voted last year. In the present budget no money is included for France or England. The average annual expenditure on foreign aid during the Truman years from 1948 to 1952 was \$6,400,000,000.

Aftermath No. 2 — Is speculation as to whether young Mr. Nixon can change his political spots. All during the Suez crisis he was the champion of the Afro-Asian bloc. Now he's for France and England. During most of his Senate career he was opposed to foreign aid and voted with the isolationists. Latterly he has been for foreign aid.

Young Mr. Nixon may be able to put increased foreign aid across with his isolationist colleagues in the Senate. But to do so he'll have to convince them on several things, including the question of whether a political leopard can change his spots.

The Brutal Truth

There will be no more debate in the world on the question whether the Russians "really mean it" when they smile and talk peace. They have given the answer in Hungary — and they wrote it in the blood of innocent people.

The next time the Soviet Union tries to pull its standard "peace" fraud, millions across the earth will remember, among other things:

Wanton Russian shelling and firing upon hospitals, Red Cross units, doctors and nurses in strife-torn Budapest.

Wholesale assault on the homes of Hungarians there and in many other cities, as the brutal troops searched out rebels.

The gunning down of hundreds of already surrendered rebel fighters as they emerged from hideouts and vantage points.

The deporting to Russia of thousands of the young Hungarian freedom fighters who probably will never be seen or heard of again in their native land.

The use of starvation as a calculated weapon of war to bring fighting and striking Hungarians to their knees.

Peace? The Kremlin can't even spell it in Russian. They've given the game away and shown themselves to all the world for what they really are.

Don't Get Cookin' Like That Up North

The World Today—

Egypt May Try to Force US to Help It

By JAMES MARLOW

WASHINGTON — Don't be surprised if Egyptian President Nasser uses the blocked-up Suez Canal either to try to wreck West Europe's economy or blackmail the United States into giving him economic help.

The Egyptian foreign minister, Mahmoud Fawzi, complained yesterday in Washington that he hears much in the United States about helping Britain and France, which attacked Egypt, but "hardly anything" about helping Egypt. It has been estimated that clearing the canal—where about 50 ships were sunk during the British-French attack—will take from two months to six months if work gets under way quickly.

The longer the canal is closed, the longer the economy of U. S. allies in Western Europe will be affected. This serves Russia's interests. This country doesn't want its allies to slide downhill.

Egypt's economy also will suffer, the longer the canal is out of business, because of the loss of revenue from ships which used the canal.

Associated Press reports from Cairo say the Egyptian economy

still looks stable. It's questionable how long it will remain so without the reopening of the canal or outside assistance.

The United States and Russia are the two places where Egypt might hope to get economic help. Fawzi said Egypt wants "no assistance" from the United States or Russia. That's a switch.

It should be remembered, in watching Nasser's maneuvers in the weeks ahead, that he was enraged and seized the canal last summer within a few days after Secretary of State Dulles called off a proposed big loan to Egypt. The United Nations has undertaken — or thinks it has — the task of getting the sunken ships out of the canal. The U. N., which agreed this should be done quickly, chose a retired American army officer, Lt. Gen. Raymond A. Wheeler, to direct the canal operations.

But once British and French troops are all cleared out of the Suez area, there is no certainty Nasser will let the U. N. forces there lift a ship or a finger to clear the canal.

He might even demand that all the U. N. salvage experts and troops clear out of the area and go home. Egypt has never agreed the U. N. forces should stay around Suez any length of time after the British and French are gone.

Fawzi said in New York Dec. 2 the U. N. troops in Egypt "are not there to resolve the Palestine question or any other question" but "only so long as the crisis endures and as short a time as possible."

With the British and French gone, Nasser can try to suit himself about clearing the canal. If he stalls, the U. N. will have to consider the whole Egyptian problem all over again.

Fine For Popping The Weasel

CARSON, N. D. — For popping the weasel — with a shotgun, that is — a Bismarck man was fined \$25 in court here.

Dr. I. G. Bue, deputy state game and fish commissioner who signed the complaint, said one may shoot weasels with a rifle, or trap them, if he has a license, but that it is unlawful to shoot the animals with a shotgun.

Smiles Go Long Way—

Dominicans Like Attention Given By U.S. Ambassador

(Editor's Note: Our correspondent is travelling in the Caribbean with a group of 21 U.S. reporters, members of the Women's National Press Club.)

By Esther Van Wagoner Tufty

CUADRU TRUJILLO, DOMINICAN REPUBLIC—In this apparently contented dictatorship, the United States Ambassador, William T. Pfeiffer, operates like a politician in the middle of a hard-to-win campaign.

A career-diplomat might blink at some of his precinct methods, but the results seem rewarding. For example, there's his innovation of putting a little welcome message in the hotel mailbox for each American tourist who is told to consider the Embassy his home away from home.

Ambassador Pfeiffer explained to our group of newswomen: "Many Americans never go to their Embassy unless they are in trouble."

Many do drop in, and he sees personally as many as possible. A request for a snapshot with him is as readily granted as did President Eisenhower when asked by Republican candidates for two some pictures during the last election.

When the State Department recovered from the shock of the success of such welcome-notes, it was decided to suggest that other ambassadors do likewise, where practical. Obviously the larger embassies in London, Paris and Rome could not handle the number of people who would respond.

But if the genial Ambassador, a former New York Congressman, startled U.S. citizens touring the Caribbean, he must have upset Generalissimo Trujillo even more shortly after he arrived, when he jumped into an old Ford and went to the people with his story of the United States. Good politics forbade using the Embassy limousine. Maybe he was tempted to nail up a campaign picture (like the one behind his desk) here and there along the way, but that might seem an affront to the Generalissimo, whose face and name appear everywhere.

The Dominican people, like voters back home, he found would gather around his car to hear what he had to say. His Spanish isn't perfect, but he tries. Anyway the country folk, who see few dignitaries, liked the attention and frequently gave him gifts, including a crate of live chickens!

Of course, officialdom soon got the word about the strange actions of the No. 1 American in their country, and the Generalissimo's boys came to investigate. In dealing with the Generalissimo, who has really ruled the country since 1930, the Ambassador said, he "put his cards on the table" and found Trujillo "honorable in fulfillment of his commitments."

Like most politicians, Ambassador Pfeiffer voices the obvious about the situation in the Dominican Republic. First, after making very clear that the Trujillo government is "the antithesis of ours," he admits that economic progress has been made and "in all honesty we must render unto Caesar those things that are Caesar's."

These include the phenomenal change from chaos to order, which anyone can see in the new buildings, roads, hotels, hospitals, and more dramatically in the absence of bloody revolutions and disease so prevalent 27 years ago when Trujillo became the leader.

In the United Nations, this country discovered by Columbus, is lined up with the United States 98 per cent of the time. Trujillo's fanatical hatred of communism is well established. His people idolize him wildly and at least 85 per cent spontaneously. Once allergic to foreign capital, Trujillo and his brother, Hector, who has the title of President, are pushing toward industrial expansion and welcome foreign investors, especially from the United States.

Maybe only a strong, ruthless leader could have brought such economic growth to a backward people, but if Trujillo looks to the future it is possible that he will set up a more democratic regime while he is still alive to launch it. The absence of a likely heir-apparent makes this prospect seem at least a possibility.

Yep, they really do it! We mean getting out on a limb and then saving off the wrong end. This corny accident happened to Benjamin Morris of Kansas City, Mo. A tree limb blowing against his window so annoyed him that he got out of bed in the middle of the night to cut it off. Soon he was back in bed — a hospital bed, that is.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Demands and orders do not receive the attention which courtesy calls forth. People like to be treated as equals and they resist requests which come from those who "throw their weight around."

The world could stand some more courtesy, some more placing of ourselves in the other person's place and some more companionship. A little more compassion would result in better understanding.

World-wide brotherhood is an ideal too widespread to hope for soon. International friendship is a political goal. Legislated goodwill is impermanent, if possible. But giving a little kindness to our neighbors is a little goal which we could all work to achieve.

"Be ye kind one to another," said One who set the example of kindness on a personal basis.

Robinson Asks Time to Think About Switch

NEW YORK (AP)—With Jackie Robinson playing for the New York Giants and Sal Maglie pitching for Brooklyn, the world is topsy turvy for New York area baseball fans. It's almost as confusing as the time Leo Durocher switched to the Giants.

Of course, Robinson may not play for the Giants, Jackie, who will be 38 Jan. 31, is taking a few days to "think it over" after yesterday's shocking news that he had been traded to the Giants for a reported \$30,000 and Dick Littlefield, a left-handed pitcher who has been with eight other big league clubs.

Charles Feeney, Giants' vice president, says, "I'm confident that he'll play for us. He told me he was undecided on what he was going to do but would let us know as soon as he makes up his mind."

Robinson, reached by phone at his Stamford, Conn., home, obviously was dazed by the sudden turn of events. His young son Jackie Jr., even cried when he learned his dad no longer was a Dodger. "But we (Jackie and his wife) explained to him that baseball is like that," said Robinson.

Asked if he would continue to play or planned to retire, Robinson answered, "I really haven't had a chance to give it much thought. I want to get away for a few days, relax and think it over."

Since 1954 there have been recurring stories that Robinson was getting ready to hang up his spikes. He also has managerial ambitions.

"Naturally I'm disappointed to leave Brooklyn," said Robinson. "I've had wonderful years in treatment from the fans and made lasting friendships. They are a lot of nice guys. I hope they can win again — unless the Giants can win it."

Jackie, now greying and considerably slower than in his early days when his base running dazzled the league, said he had "no hard feelings for the Brooklyn organization."

"The club has to protect itself," Robinson rationalized. "It had a lot of nice, young players. But I thought I helped the club last season and didn't figure I'd be traded. I had no inkling of it until Wednesday night when Buzzy (Brooklyn vice president Buzzy Bavasi) called me."

"But that's baseball. We have no control over it. It's all part of the game."

Robinson said he "didn't care" one way or the other about what position he played if he decided to continue his career with the Giants. Billy Rigney, Giants manager, already has assigned him to fill the first base job, vacated when Bill White went into the Army.

As Robinson, first Negro ever to make the majors, played first when he broke into the league in 1949, and has appeared there periodically ever since, he can handle the position.

Rockhurst Chalks Up Fourth Cage Victory Over Kirksville Team

KIRKSVILLE (AP)—Rockhurst rang up its fourth basketball victory last night, 76-63 over the Kirksville Bulldogs.

Kirksville's record now is 2-1. Rockhurst blunted the Bulldog attack with a tight zone defense in the second half.

Clown to Pinch Hit

SARASOTA, Fla. (AP)—Emmett Kelly, the sad faced clown, is a little uncertain of the assignment himself, but he's agreed to pinch hit for Santa Claus in a department store.

That includes giving advice and taking note of Christmas wishes.

NAKED REVERSE—Jimmy Thompson of Georgia Tech couldn't keep his shirt on against Alabama—he was too busy scampering 48 yards for a touchdown. Shirt was ripped off him by would-be tackler.

Top Middleweight Bouts Are Scheduled

CLEVELAND (AP)—There will be two top middleweight bouts at the Cleveland Arena tonight—one televised, the other not.

The crowd-drawing matches Joey Giardello of Philadelphia, against Charley (King) Cotton of Toledo. It will not be televised.

The national TV audience (NBC 9 p.m. CST) will see Yama Bama of Bimini in the Bahamas against Jimmy Martinez of Glendale, Ariz.

New York Giants Need Tie or Win For First Place

PHILADELPHIA (AP)—The New York Giants, needing either a victory or a tie to win the Eastern Division championship of the National Football League, close the regular season here tomorrow against the puncheon Philadelphia Eagles.

Coach Jim Lee Howell's rugged aggregation carries a 7-3-1 record into this crucial game, a game ahead of the late-surgings Washington Redskins. If the Giants win or tie, it would eliminate the Redskins, who have two games left to play — one with the Pittsburgh Steelers Sunday—and sport a 6-4 mark. Ties do not count in the NFL standings.

The Chicago Bears and the Detroit Lions meet in Chicago Sunday for the Western Division title. The Lions hold a half-game lead.

New York should win easily if the Philadelphia game runs true to form, something the NFL isn't exactly famous for. In the first meeting between the clubs, the Giants won 20-3, handling Coach Hugh Devore's "conservative" offense with little trouble. At that time the Eagles were near full strength. Tomorrow, the wingless Birds, resting in the Eastern Division cellar (3-7-1), will be lucky if they can field eight backs offensively and defensively. Their injury list is huge.

In other weekend games, the Chicago Cardinals play the Cleveland Browns at Cleveland, the Green Bay Packers meet the Rams at Los Angeles, and the Baltimore Colts and the San Francisco 49ers tangle in the West. All three will be played Sunday.

Jackie, now greying and considerably slower than in his early days when his base running dazzled the league, said he had "no hard feelings for the Brooklyn organization."

"The club has to protect itself," Robinson rationalized. "It had a lot of nice, young players. But I thought I helped the club last season and didn't figure I'd be traded. I had no inkling of it until Wednesday night when Buzzy (Brooklyn vice president Buzzy Bavasi) called me."

"But that's baseball. We have no control over it. It's all part of the game."

Dow Finsterwald Leads Sanford Golf Tourney

SANFORD, Fla. (AP)—Dow Finsterwald has shot only one round of competitive golf better than the 64 which put him out front in the \$15,000 Sanford Open yesterday.

That was a 61 at St. Louis in 1950 which at the time was the best ever made in a PGA tournament. Since then the national record has been lowered to 60 by five players: Wally Ulrich, Bill Nary, Al Brosch, Ted Kroll and Tommy Bolt.

Finsterwald, a 27-year-old golfer from Bedford Heights, Ohio, is second among money winners, with \$28,009 for 1956.

If hot, sunny weather continues most pros agree it will take a lower score than the 269 Al Balding won with a year ago to take \$2,400 top prize. The 6,206-yard course is fast and in good shape. Par is 36-34-70.

Mike Fetchik of Mahopac, N.Y., was well on way to first place until he was caught in traps on the last two holes and took a 65 — tied for second with Don January of Lampasas, Tex.; Bob Keller of Royal Oak, Mich., and Tommy Bolt of Houston, Tex.

It's still anyone's tournament with 41 golfers under par and 13 more even with it.

Students Raise \$800 For Visiting Team

COMPTON, Calif. (AP)—The faith of the Grand Rapids, Mich., Junior College football team in Southern California hospitality has been partially restored.

A thief took \$800 from the players' lockers at Compton athletic field while they practiced for tomorrow's game against Coffeyville, Kan.

Compton college students passed the hat, raised the \$800, and turned it over to the team.

Woman Finds Charge Plate Not Answer

SYRACUSE, N.Y. (AP)—A woman walked up to a window in the post office here and asked for \$8.56 worth of stamps. She then offered her charge plate issued by department stores.

"I'm sorry, lady, that's no good here," the clerk said.

"I don't know why not," she said. "They take it every place else."

Christmas Shopping May Cancel Divorce

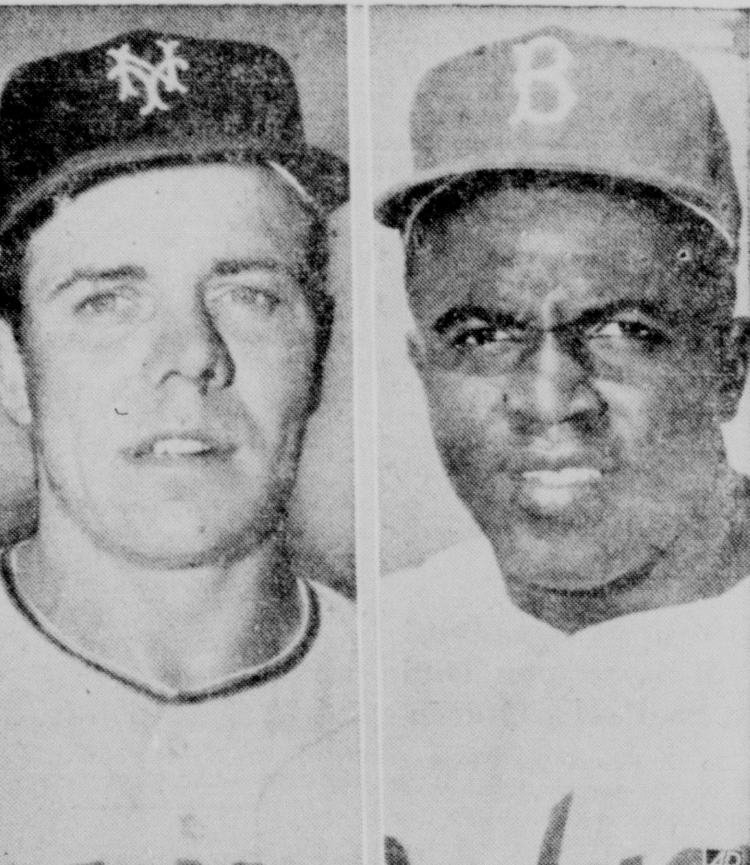

LOS ANGELES (AP)—In the spirit of Christmas, William C. Nichols and his estranged wife, Irene, put aside their differences and went shopping for presents for their three children.

They agreed on all the gifts.

Her lawyer, E. Loyd Sanders, told Judge Elmer D. Doyle there wasn't anything for him to do. He said he will rebate his \$175 fee if they reconciled before Christmas.

NEW DEALERS—The three new faces among major league managers discussed player personnel during the major league meetings in Chicago. They are, left to right, Kirby Farrell of the Cleveland Indians, the Cubs' Bob Scheffing and the Detroit Tigers' Jack Tighe. Scheffing helped engineer the 10-player deal with the St. Louis Cardinals.

IN GIANT - DODGER SWAP—Jackie Robinson, Brooklyn Dodger star, right, has been traded to the New York Giants in exchange for pitcher Dick Littlefield, left, and an undisclosed amount of cash. Reports were that the cash involved was around \$30,000.

Unbeatens Are Thinning Out—San Francisco and Alabama Motto Might Be 'Watch Out'

By DON WEISS
The Associated Press

The word—or words—today for San Francisco and Alabama, holders of the two longest winning streaks in college basketball, might well be "Watch out!"

With the unbeatens continuing to drop out of line—Western Kentucky, Texas Christian and Xavier of Ohio are the latest—the time may be approaching for the Dons, winners of 59 straight, and "Bama," which has won its last 20.

Both have a test coming up tonight, San Francisco and its all-time streak against Chicago Loyola in an invitational tournament at Chicago Stadium, and Alabama against unbeaten Duke in the opening program of the Birmingham Classic.

America's Olympic champion basketball team, led by former San Francisco ace Bill Russell and K. C. Jones, also is in the Chicago tournament and will play Santa Clara tonight.

Should the Dons and the Olympians advance to the finals Saturday night, as anticipated, San Francisco's streak will not be endangered since the Olympians aren't a college team.

Alabama, with a 106-point average and a No. 9 rating after four games, probably will have West Virginia to handle Saturday should it get past Duke tonight. The Mountaineers, with Rod Hundley, are heavily favored over Mississippi Southern in the other half of the Birmingham double-header.

Western Kentucky, rated 12th nationally, got its come-uppance from Seton Hall 78-69 in the second game of a double-header at New York's Madison Square Garden last night after Georgetown had disposed of NYU 76-73 in an overtime opener.

The Western Hilltoppers, well below the form that enabled them to average 93 points in three previous games, stayed close to Seton Hall for only a half. Dick Gaines' 17 points led the Pirates' well-distributed scoring.

St. Louis, which drubbed Kentucky Monday night, chopped down another giant with its 90-81 over TCU, which had won its first four. A spring-legged sophomore

named Cal Burnett triggered a rally that put the Billikens in control for good late in the first half.

Xavier went through two overtime periods before surrendering its perfect record to Wichita 93-86. A Wichita sub, Cy Rosdette, stole the ball in the backcourt and drove in for a layup to send the game into overtime tied at 74. It was 80-80 after the first extra period but Joe Stevens hit on two free throws at the start of the second overtime and Wichita pulled out to win handily.

The Yankees led the league with a team slugging percentage of .434, followed by Detroit, Boston and Chicago. Yankee outfielder Mickey Mantle was the individual slugging leader with a .706 mark. Ted Williams was second with a .605.

In winning the American League pennant, the Yankees topped every club in the league in individual series with the exception of Detroit. The Tigers whipped the Yanks 12 times in 22 games.

Search for a Bride May Be Successful

RICHMOND, Ky. (AP)—Dr. James Carson's search for a bride may be paying off.

Police chief Carl T. Newland says he is forwarding bundles of letters daily to the Rockmart, Ga., physician who recently wrote Newland he wanted a Kentucky bride.

Dr. Carson said he was a grandson of frontiersmen Kit Carson, who was born near here.

Woman Lives Through Fall From High Cliff

HARRISBURG, Ky. (AP)—Mrs. Margie Richardson, 21, was feeling pretty lucky in her hospital room today — in spite of plunging over a 100-foot cliff in a car.

The Winchester, Ky., woman and her husband, Thomas, had a flat tire on a cliff.

Her husband said the car rolled off the jack as he changed the tire and plunged over before he could act. Dense underbrush apparently broke the fall.

Hospital attendants said the woman's injuries appeared slight.

Japanese Doctor May Get US Citizenship

FRESNO, Calif. (AP)—Dr. Jong Ja Chai, a woman without a country, may soon have one—America.

Dr. Chai was admitted to the United States in 1948 on a fellowship to study at the Fresno County General Hospital.

When her visa expired, she returned to Tokyo and, because her father was Korean, faced deportation to that country.

Dr. Chai filed for Japanese citizenship.

Rep. B. F. Sisk (D-Calif.) has arranged for preferential treatment for Dr. Chai when she applies for admission on the Japanese immigration quota.

Ex-Santa Charged

WEST PALM BEACH, Fla. (AP)—When Matthew J. Stina, 50, was discharged as a department store Santa, he told youngsters "Sorry kiddies, but Santa has to go back to the North Pole."

City detective Tom Morris said that instead of heading for the pole, the ex-Santa strolled through another store and shoplifted a musical clock. Morris charged Stina with petty larceny.

AL on Spree; Breaks, Ties 47 Records

CHICAGO (AP)—The American League went on a record-breaking spree last season by breaking or tying 47 records.

The league snapped 18 major league records and tied 11 more. In addition 10 American League marks were broken and 8 others were tied.

Cleveland left-hander Herb Score became the first pitcher in major league history to record more than 200 strikeouts in his first two years.

Score had 263 strikeouts last season, 18 more than his 245 in 1955 when he was voted Rookie of the Year.

The world champion New York Yankees notched three major league marks in most pennants won by a club. 22; most years 100 or more home runs, 33; and most years leading in home runs, 31.

Yankee Catcher Yogi Berra hit 30 home runs giving him a lifetime total of 238, most ever hit by a major league catcher.

Washington had the dubious distinction of setting a major mark of 877 strikeouts while Senator outfielder Jim Lemon fanned 138 times for another major record.

The league set a new record of 1,075 homers for one season, surpassing the old mark of 973 set in 1950.

Minnie Minofo of the Chicago White Sox was hit by pitchers 23 times for a new league season record while the White Sox as a team were hit by pitchers 75 times for a major mark.

Kansas City pitchers set a major mark of 187 home runs allowed by one club and Bob Feller ran his total of walks allowed to 1,764 for another major high.

The Detroit Tigers tied the record for a fifth place team, having two 20 game winners with Frank Lary and Billy Hoelt reaching that figure.

The Yankees led the league with a team slugging percentage of .434, followed by Detroit, Boston and Chicago. Yankee outfielder Mickey Mantle was the individual slugging leader with a .706 mark. Ted Williams was second with a .605.

Speaker Loses Topic

TAMPA, Fla. (AP)—The Tampa Junior Chamber of Commerce decided to cancel its Dec. 27 meeting. The program chairman observed that this could be done conveniently, since the scheduled speaker had quit his job. His topic was to have been: "My job and what it does for me."

Testimonial Dinner Honors Faurot Tonight

COLUMBIA (AP)—Don Faurot, who retires this season as head football coach with the University of Missouri to become full time athletic director, will be honored at a testimonial dinner tonight at the Rothwell Gymnasium here.

The Tiger mentor through 19 seasons will be presented a Cadillac automobile from proceeds of the \$10-a-plate dinner plus receipts from the sale of "Faurot appreciation" tickets.

Speakers will include Governor-elect James T. Blair Jr., President Elmer Ellis of the University of Missouri, Bill Corum, president of Churchill Downs, sports columnist and M. U. graduate, and Paul Christman, former Maplewood, Mo., high school football star and Faurot's first All-American player at the university.

None of the candidates as Faurot's successor in the head coaching spot, except Clay Cooper, Tiger freshman football coach, is expected to attend the dinner. Visiting coaches from other schools will include Bus Mertes of Kansas State and Bob Maddock of Indiana, a former assistant on Faurot's staff here.

Other guests will include F. W. Faurot of Kirksville, Don's father and his severest football critic.

The Missouri varsity and freshman football squads will attend the dinner.

Network Executive Says Color Programs Are Planned Nightly

MIAMI BEACH, Fla. (AP)—The president of the National Broadcasting Company says his network aims for at least two color programs nightly next year, and hopes soon to have the bulk of its nighttime schedule in color.

Robert W. Sarnoff said NBC would continue emphasis on live telecasts and development of color, which he characterized as "the booster charge for our fourth decade."

NBC is observing its 30th anniversary.

CMSC Mules Lose Third Straight Game To Austin College

WARRENSBURG (AP)—Austin College of Sherman, Tex., defeated Warrensburg 82-73 last night for the Mules' third straight loss in four starts.

The Texans made 38 out of 46 free throws — a not percentage of 82.6 — for the winning margin.

Noisy Santa Claus Causes Mail Alarm

LOUISVILLE, Ky. (AP)—A noisy little Santa Claus had U.S. postal workers looking for a "bomb" in a ticking package at the main post office.

Workers isolated the package and gingerly opened it to find a battery-operated Santa Claus toy buzzing away.

Woman Holds Police, Road Crew at Bay

HARRISBURG, Pa. (AP)—Mrs. Jeannette Kraska, 33, armed with a rifle, kept two policemen and a road crew staking out a right of way from her property yesterday at nearby Lawnton.

No shots were fired and the police and workers left.

Mrs. Kraska said the proposed road would cut about 20 feet into her land and run next to her front door. "I'm here to protect my property," she said.

Arizona has won the Border Conference baseball title every year since it was first held in 1939.

US Davis Cup Team Takes 2-0 Lead Over India in Zone Finals

PERTH, Australia (AP)—Plucky Herb Flam of Beverly Hills, Calif., outgamed young Ramanathan Krishnan and "old pro" Vic Seixas crushed Naresh Kumar today as the U. S. Davis Cup team took a 2-0 lead over India in the inter-zone finals and moved within a step of another meeting with Australia in the challenge round.

Flam, bothered by leg cramps and "over a barrel" three times, rallied brilliantly to defeat Krishnan 7-5, 4-6, 10-8, 2-6, 6-4. Seixas, now 33 and in the midst of his sixth Davis Cup campaign, had only a slight scare in handling Kumar, the Indian playing captain, in straight sets, 6-4, 6-1, 6-2.

The sweep in the opening singles matches at the picturesque Royal Kings Park Courts left the Americans needing only one victory in the last three matches to clinch the series and a spot opposite the defending champion Aussies in the challenge round beginning at Adelaide on Dec. 26.

Tomorrow's doubles match, sending Seixas and Sam Gamalva against Krishnan and Kumar, could do it. The series ends Sunday with two more singles matches.

Jury Acquits Lawyer
ST. LOUIS — A jury deliberated 90 minutes yesterday and acquitted Bernard Steinger, 32-year-old attorney, of charges he planned a holdup at a wealthy widow's home.

William J. Walsh, foreman of the jury, said its members "definitely doubted the credibility" of the state's chief witness.

Norman Bennett of St. Louis and Stanley R. Earhart of Quincy, Ill., testified they executed the holdup Aug. 31 at the home of Mrs. George B. Fleischman.

Steinger denied their testimony that he drew diagrams of the house and told them they would find three to six million dollars in Mrs. Fleischman's freezer. They ransacked the house and got \$110.

Bennett and Earhart originally were charged with armed robbery along with Steinger, but the charges against them were dismissed as Steinger went on trial.

"We had to decide whether we were going after the minnows or the sharks," Edward W. Garnholz, prosecuting attorney, told the jury in his final argument.

Happy solution to seasonal expenses
When the season's extra cost presents a problem, an HFC loan is often the happy solution. You may borrow up to \$1000 in one visit for fuel, clothing, home improvements, car repairs—or other worthwhile projects including seasonal shopping purchases.
You'll like HFC's prompt attention, wide selection of repayment plans (see sample table), helpful money counsel backed by 78 years' experience. So, don't let a temporary money shortage spoil your season. Phone or come in today.

Cash You Get	MONTHLY PAYMENT PLANS			
	24 payments	30 payments	12 payments	6 payments
\$50	\$5.41	\$6.24	\$9.58	\$8.99
100	10.83	12.49	19.16	17.98
200	16.25	18.73	28.74	25.96
300	21.67	24.98	38.33	31.93
400	27.10	31.22	47.92	37.90
500	32.52	37.46	57.50	43.87

On loans of \$400 or less charges are 2.25% per month on unpaid balance. On loans above \$400 charges are 2.25% per month on the portion up to \$400 and 1.5% per month on the portion in excess of \$400, both portions repaid simultaneously.

Japan's Ruling Party Elects New President

TOKYO (AP)—Tanzan Ishibashi, a controversial economist only 10 years in politics, won the presidency of Japan's ruling party today. He appears certain to be prime minister before Christmas.

A convention of the Liberal-Democratic party elected Ishibashi, Japan's 72-year-old minister of international trade and industry, after ailing Prime Minister Ichiro Hatoyama quit the party presidency. Hatoyama plans to resign the government leadership before the Diet (Parliament) meets Dec. 20.

Only a major convulsion in the party — which is unlikely — could keep Ishibashi from becoming prime minister. The Liberal-Democrats control the lower house of the Diet, which elects the government chief.

Ishibashi defeated Nobusuke Kishi, the party secretary general, 258-251 on the convention's second ballot. Some observers thought the narrow margin might signal eventual strife within the party.

Once he gains the prime ministry, Ishibashi is expected to seek a rapid expansion of Japan's trade with Communist China. Recently he announced his Ministry of International Trade was seeking special permits to sell the Reds items barred by the Western embargo on strategic materials.

Critics claim Ishibashi is an "inflationist" and may upset the conservative, deflationary policies followed by the Hatoyama Cabinet. He favors heavy government investment and public works regardless of whether the budget is balanced.

New Direction Of Transport Planes Given

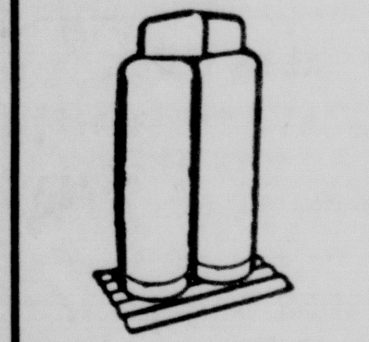

WASHINGTON (AP) — A new Pentagon plan to consolidate direction of its transport planes will remove from Air Force control at least three and possibly up to 14 wings of aircraft.

The Defense Department last night announced creation of a "single manager" system calling for the pooling of an initial total of 717 troop and cargo carrying planes now operated by the Military Air Transport Service, the Air Force and the Navy.

Eventually, the Pentagon expects to enlarge this fleet to 2,000 planes by drawing on an available total of 4,000 Air Force and Navy transports.

Officials disclosed that the new order has direct impact on the Air Force's unit structure.

At the outset, three heavy wings of C124 type planes will be removed from Air Force control and turned over to the unified agency which will be headed by Secretary of the Air Force Quarles.

The transportation officials said the Defense Department also has "under study" a proposal to remove medium transport wings from Air Force control. The Air

Force presently has 11 such units. This brought into focus recent reports of plans to shorten the target for Air Force strength below the 137-wing total which Congress had authorized by next summer. Present strength is 131 wings.

The reduction in wing strength apparently will accompany a cut in the number of aircraft in some combat wings, like bombers. The argument presented for this reduction in aircraft strength is that nuclear firepower makes possible delivery of a vastly greater amount of destruction with fewer aircraft.

In effect, the new air transport plan tightens the control sought in the original eight-year-old order which created MATS. At that time some of the airlift planes of the Air Force and Navy were brought into the combined operation.

Patrolmen Get New Guide to Help Spot Drunken Drivers

SACRAMENTO, Calif. (AP)—California highway patrolmen are getting a guide to evaluate drunk drivers.

The new enforcement aid—a 44-page illustrated booklet—classifies the drinking drivers in six stages of intoxication according to the amount of alcohol in the bloodstream:

1. Dry and decent—None to .005 per cent.
2. Delighted and devilish—.005 to .015 per cent.
3. Dizzy and delirious—.015 to .02 per cent.
4. Dazed and dejected—.02 to .03 per cent.
5. Dead drunk—.04 per cent.
6. Dead—.05 per cent.

Little Girl Will Get Other Chance at Dream

PHILADELPHIA (AP) — A little girl whose Cinderella dream became a nightmare is going to have another chance to perform for her idol.

Yesterday started out better than any dream for Harriet Thalf, an 11-year-old Negro founding. At last she was to meet and sing for the famed Negro contralto, Marian Anderson.

Miss Anderson returned to her native Philadelphia for a luncheon introducing her autobiography "My Lord, What a Morning."

Part of the ceremony was to be the little girl's performance and a meeting with Miss Anderson, who was born and reared in the same neighborhood.

Harriet was overwhelmed by the meeting. She presented Miss Anderson a bouquet and, impulsively, reached up and embraced her idol.

They chatted and the girl became more at ease.

Then it was time to perform and Harriet showed nervousness again.

Her childish voice trembled as she sang "O, Holy Night." Part way through her second selection, "Il Baccio," Harriet paused for a moment, coughed and froze before the eyes of hundreds of adults and for her—worst of all—before Miss Anderson.

The girl collapsed in tears. The guests sat mute.

New 290-hp Turnpike Cruiser V-8

Wait till you feel its silk-and-dynamite performance! Compression ratio is a power-boosting 9.75 to 1. Displacement is a mile-shrinking 368 cubic inches. Torque is a mountain-hungry 405 lb-ft. Optional on all Montclairs and Montereys.

New 255-hp Safety-Surge V-8 with Power-Booster Fan

This great new engine features a revolutionary Mercury "first" in the Montclair Series. The engine fan coasts when not needed for cooling. You save horsepower other cars waste. Engine sound is reduced, you enjoy a far quieter ride.

New 255-hp Safety-Surge V-8

Dream-car performance in the Monterey Series, Mercury's lowest priced line! Features another Mercury "first" which you get at no extra cost on all big M engines for '57—a Thermo-matic Carburetor. It automatically controls the temperature of the air the engine breathes—helps keep it uniform summer and winter. Engine starting is easier, usable power and economy are increased.

YEAR'S MOST IMPORTANT RIDE IMPROVEMENTS

Exclusive Full-Cushion Shock Absorbers—The first shock absorbers in the industry to give such amazing bump-smothering control on rough roads without sacrificing a soft, satin-smooth ride on average roads. They are teamed with Mercury's new improved springing action. Special high-speed valves built into the shock absorbers act as hydraulic cushions when there are rapid changes between bumps and ruts. Any bounce or rebound is controlled as if by a giant hand.

New Swept-Back Ball-Joint Front Suspension—Mercury introduces a new improved version of its famous suspension system—the finest, most advanced ball-joint front suspension on the market today. Because of the new swept-back design, the front wheels are now, in effect, pulled gently over bumps, rather than pushed into them. The benefits: easier handling, more responsive steering.

New balanced weight distribution greatly reduces nose dipping on sudden stops and lurching on fast starts. Mercury's extra weight, length, width, and wheelbase also add greatly to stability.

New road-hugging center of gravity—Everything is lower. Car height, passenger compartment, frame, and rear axle. You enjoy an amazing sense of "nailed-down" stability on curves.

You've got to feel Mercury's Floating Ride to believe it. We invite you to do just that, today, at our showroom.

NATO Powers Ask Soviet Liberate Satellite Nations, But Pledge No Freedom War

US' European Friends Seek Atom Arms for Defense, Support Quest For Human Rights in East Europe

PARIS, Dec. 13—(P)—America's European allies, nervous over Soviet designs, today called for atomic field weapons for their defense.

At the same time they joined the United States and Canada in assuring Russia that NATO would not wage a war of liberation in Eastern Europe, though they demanded "full freedom" for the satellites.

The North Atlantic Treaty Organization Council voted unanimously to give its secretary general enlarged powers to mediate disputes among its members.

Daughter of 2 Red Refugees To Stay in US

Mother Gets Custody Of Child as Father Heads for Russia

LONDON, Dec. 13—(P)—A British judge ruled today that little Tanya Chwastov has a better chance for a happy life in the United States than in the Soviet Union. Tanya was born out of wedlock 2½ years ago to two refugees from communism who found haven in America.

Tanya's case came into the international spotlight when her father sought to carry her behind the Iron Curtain and her mother fought to stop him.

A spokesman for the father, Alexis Chwastov, 58, said tonight, "It is expected the baby will be handed over to the mother tomorrow." Tanya was still at the Soviet Embassy tonight.

SNATCHED FROM FATHER

The mother, Mrs. Helena Dieczok of Detroit, told reporters, her eyes sparkling: "It's going to be a marvelous Christmas." She had not seen Tanya since March.

Tanya became involved in the international incident when her Russian-born father slipped out of the United States with her on his way to the Soviet Union.

Mrs. Dieczok caught up with them during a stopover in England with an injunction making little Tanya a ward of the British court.

Cyst Threatens South Missouri Soybean Crop

JEFFERSON CITY, Dec. 13—(P)—The State Department of Agriculture announced today a pest has been discovered in Missouri which could threaten the state's multi-million dollar soybean crop.

Julius R. Anderson, state entomologist, said a soil sample from southeast Missouri disclosed the presence of the soybean cyst nematode, a serious menace to soybean production.

Anderson said the Nematode was found in a soil sample taken near Hayti in the cotton-soybean country of the Missouri Bootheel. A check was started after federal entomologists reported the pest had been found near Dyersburg, Tenn.

Anderson said more extensive surveys will be made to determine the extent of the infestation in Missouri. Virgil Owens, assistant state entomologist, found the first infestation while working with federal experts.

The soybean cyst nematode is a tiny worm known for many years in the Orient but discovered in this country for the first time in 1954 in North Carolina.

Anderson explained it attacks the roots, causing stunted growth and yellowed fields. It is spread in the soil and can be distributed through movement of farm crops, equipment and vehicles.

Car Collision Injures Four On Hiway 52

One Seriously Hurt In Car-Truck Crash Thursday Afternoon

Four persons were injured, one seriously, when two cars collided early Thursday afternoon at the entrance of a private driveway on State Highway 52 eight-tenths of a mile west of the Windsor Junction.

Most seriously hurt was the lone occupant and driver of a 1946 Chevrolet pickup truck. Joseph Virgil Buchanan 78, of Route 2, Green Ridge, who suffered a concussion, a fractured vertebra, laceration of the forehead, fractured left hand and a fractured rib.

Occupants of the other vehicle were James R. Krewson, 43, Clinton, driver, who received lacerations about the head back injuries and an injury of the left knee; Krewson's wife Mrs. Denzil L. Krewson, 35, lacerations on the forehead; and his mother, Clara May Pettus, 55, also of Clinton, with chest injuries and a side injury.

Buchanan was taken to the Windsor Hospital by Ewing ambulance from Sedalia and the other three persons were taken to Clinton's Wetzel Hospital, also in an Ewing ambulance.

According to State Trooper Richard Jous of Sedalia, Buchanan was attempting to turn into the driveway when the automobile driven by Krewson, a 1956 Pontiac sedan, topped a hill from the east and smashed into the pickup.

Both cars were heavily damaged.

Says Publicity Brought Safety To 6 Turncoats

CARBONDALE, Ill., Dec. 13—(P)—A Minnesota turncoat from the Korean war today credited "worldwide publicity" for the safety of all six former U. S. prisoners who returned to their homeland.

Richard Tenneson, 23, Alden, Minn., made the statement during a visit with Arlie Pate, Carbondale, a fellow turncoat who returned home recently. Both ex-soldiers were among 21 American POWs who originally refused repatriation when peace came in 1953 and went to Red China.

"I might have met with an accident if it hadn't been for worldwide publicity," Tenneson said. "After that the Chinese were afraid of incurring the world's wrath if we weren't brought back safely."

Says 'Killing People Is Normal'—Man Confesses He Killed 11, But Insists 'I'm Not Crazy'

LOS ANGELES, Dec. 13—(P)—A gangling, skid row transient who boasts that he has killed 11 persons said today: "I'm not crazy. I'm perfectly normal. I know I'll get the gas chamber but that's part of the game."

Stephen Nash, 33-year-old ex-convict, was picked up on skid row with a bloody knife in his possession last week.

Manacled and heavily guarded, he was returned here today from northern California where he told police of killings in that part of the state.

'URGE DOESN'T STOP'

"Killing people is normal for me," said Nash during an interview in his maximum security cell at the county jail. "If you like to kill, you go on killing. If you kill 10, you want to kill 20. If you kill 20, you want 30, and then 40, then a hundred. It's like being a millionaire who doesn't want to stop with his first million."

Authorities have not yet determined his motives. Dr. Marcus Graham, medical director of the Los Angeles County sheriff's office and a psychiatrist, said he has not examined Nash and would not want to arrive at any conclusions without such an examination. However, he said "I think an examination would divulge the reasons in his background. A man doesn't kill without reason. There is some trigger mechanism that sets them off."

CHARGED IN 2 MURDERS

Nash faces murder charges in the recent knife slayings of Larry Rice, a 10-year-old schoolboy who was found dying under a Santa

Monica pier, and John W. Berg, 27, a hairdresser whose body was found in his Long Beach apartment.

Last Monday, Nash was taken to San Francisco where he directed police to a car submerged in the bay with the body of Robert A. Eche, 22. Nash said he knifed Eche last Aug. 19. Nash also was taken to Oakland to tell police of the Dec. 8, 1955 slaying of William C. Burns whose body also was found in San Francisco Bay.

Nash said he killed a 15-year-old Mexican boy at Oakland but the body was not found. "If those Oakland cops had any sense they would have found that body in the reservoir up north," said Nash. "They just didn't want to get their nice clothes dirty."

Authorities have not yet determined his motives. Dr. Marcus Graham, medical director of the Los Angeles County sheriff's office and a psychiatrist, said he has not examined Nash and would not want to arrive at any conclusions without such an examination. Soviet Charges US Made Subversive Move in Satellites

Knowland, Humphrey Propose Steps to Deter Reds in Hungary

UNITED NATIONS, N. Y., Dec. 13—(P)—Sen. Knowland (R-Calif.) and Sen. Humphrey (D-Minn.) today advocated U. N. diplomatic and economic measures against the Soviet Union if all other steps fail to end Soviet intervention in Hungary.

The two senators, both members of the U. S. delegation to the United Nations, stated their views at a luncheon of the U. N. Correspondents Assn. Both stressed that they were speaking for themselves only and not for the delegation.

A short time later Soviet Deputy Foreign Minister Vassily Kuznetsov blasted the United States in the U. N.'s 16-nation Steering Committee for alleged subversive activities in the satellite countries.

SEEKS HEARING ON U. S.

The Soviet delegation appeared before the committee to seek support for a full General Assembly airing of the Russian charges against the United States.

Knowland, Republican leader in the Senate, declared at the luncheon that the whole fabric of peace was endangered by the Soviet Union's refusal to comply with U. N. resolutions calling for withdrawal of its forces from Hungary and for the entry of U. N. observers.

He expressed hope that the Kremlin might yet abide by the decisions once they learn from their diplomats around the world "the adverse effect" their position is producing.

If this does not happen, he said, "I would favor sanctions."

PUSH DAG MISSION

Humphrey proposed that the U. N. Assembly should first ask U. N. Secretary General Dag Hammarskjöld to go to Moscow to seek the withdrawal of Soviet forces. This, he said, might be more useful than having him go to Budapest.

Knowland questioned the usefulness of sending Hammarskjöld to Moscow unless the Soviet Union changed its attitude on U. S. resolutions.

"The Soviet Union would not pay any attention to Hammarskjöld under present circumstances," he said.

In the Steering Committee debate, Kuznetsov declared that "the attempt at a counterrevolutionary rebellion in Budapest was a direct result of the dispatch from abroad of spies, saboteurs, etc."

HITS RADIO FREE EUROPE

He referred specifically to Radio Free Europe and the launching of leaflet balloons over the air space of Hungary and other Eastern European countries. He blamed

these activities on the United States.

U. S. Delegate James J. Wadsworth said the United States would vote in favor of airing the Soviet indeed anxious, to have the facts made known from this free forum.

"If United Nations observers were to be admitted to Hungary," he said, "they would soon make clear in the particular case of Hungary whether it was the United States which intervened in the domestic affairs of Hungary . . . or whether it was the workers, the youth and the soldiers of Hungary who intervened in their own affairs and got shot down for their patience."

The committee agreed by a vote of 12-1 to put the Soviet complaint on the Assembly's agenda.

May Lose Other Wings—

AF Stripped of Three Wings Of Planes, Go to Army Agency

WASHINGTON, Dec. 13—(P)—At least three wings of heavy transport planes are being removed from the Air Force and turned over to an expanded joint agency of the armed forces.

It is likely that three additional wing of medium transports will be stripped from the Air Force.

That disclosure of how the 137-wing goal of the Air Force is being pared down came to light today when the Defense Department issued an order establishing a new, single manager system to handle the airlift requirements of the military services.

OF C124 TYPE

Defense transportation officials, discussing the new directive with newsmen, revealed that the three wings of heavy C124 type troop-cargo carrying planes of the 18th Air Force will be turned over to the new agency.

It also developed that the Pentagon has "under study" the plan to shift three wings of medium transports out of the Tactical Air Force and into the agency.

A heavy wing has 36 planes, a medium wing 48.

The new single management plan, a formal announcement said, is "designed to strengthen the

mobilization readiness of the Department of Defense in terms of airlift, and to assure greater effectiveness, efficiency and economy in airlift operations."

That was substantially the avowed purpose when the Military Air Transport Service was established eight years ago as a combined Air Force-Navy project.

FOR M. A. T. S. USE

While MATS has grown steadily since then, and will continue as the major unit of the new agency, the Air Force and Navy have continued to operate some of their own aircraft on routes over which MATS flies.

The new order, therefore, also seems aimed at ending these separate, duplicating operations.

Under the new single agency program, 717 planes would be turned over to the agency to start with.

One defense transportation official said that "our ultimate objective is to get about 2,000 out of an available 4,000 planes into the agency."

On the proposed 717 beginning total, the Tactical Air Force will be tapped for 116. The Navy for 67. The remainder will be planes already operated by MATS.

Workers Strike Anew In Hungary, Demand Leader Be Released

Kadar Regime Seen Dumped With Russia's Secret Police Chief Wielding Authority

BUDAPEST, Dec. 13—(P)—Thousands of Budapest workers decided tonight to strike until the Soviet-imposed regime of Premier Janos Kadar releases their imprisoned young leader.

There were reports that the Kadar regime had been virtually supplanted, and the real authority was being wielded on the scene by Gen. Ivan Serov, chief of the Soviet Union's secret police.

Defying the guns of Hungarian soldiers and police, the workers walked out only a few hours after the end of a 48-hour general strike called to protest Kadar's dictatorial policies. That strike caused at least six deaths in clashes with Soviet troops and the Hungarian police.

PROTEST SEIZURES

The workers were angry over the arrest of Sador Racz, 23, chairman of the Budapest Central Workers' Council—the body representing all workers in the Hungarian capital. Sador Bari, chief lieutenant to Racz, was also seized.

In New Delhi Prime Minister Nehru said Thursday that Indian diplomats who visited Hungary estimated that about 25,000 Hungarians and 7,000 Russians were killed in the revolt that flared more than seven weeks ago. This was the first estimate of any official nature. Previous estimates of Hungarians killed have ranged between 20,000 and 50,000.

The new strike paralyzed nearly all the factories in the industrial 11th District of Budapest.

STRIKE MAY SPREAD

There was a possibility the strike would spread to large plants elsewhere—notably to the huge iron and steel works on Csepel Island south of Budapest. There workers were debating a sympathy strike.

Several hundred Communist-controlled Hungarian troops and police occupied the Bajolans electric factory, where Racz and Bari had been working. The plant is the former Budapest subsidiary of the Standard Electric Co.

Racz and Bari were arrested Tuesday when they accepted a government invitation for new negotiations in the tank-surrounded Budapest Parliament building. Budapest radio claimed Racz was held for giving incorrect information to Western reporters.

Seizure of the two leaders resembled the kidnapping of former Premier Imre Nagy when he left the sanctuary of the Yugoslav Embassy Nov. 23 under a promise of safe conduct.

He Concludes Rest, Returns To Capital

WASHINGTON, Dec. 13—(P)—President Eisenhower returned to the capital today from an 18-day vacation at Augusta, Ga.

With Mrs. Eisenhower beside him, the President came down the ramp from his plane, took a look at the weather—a chill drizzle—and remarked with a grin: "I think I'll turn around and go back."

The southland visit behind him, the President called a Cabinet meeting for tomorrow morning and also arranged to confer then with budget director Percival Brundage on the budget message Eisenhower will send to Congress next month.

WILL MEET NEHRU

Also on the President's work dock is further planning for the series of talks he has scheduled starting Sunday with India's Prime Minister Nehru. They will confer here and at Eisenhower's country home at Gettysburg, Pa.

Shortly before the President left Georgia in mid-afternoon his doctor, Maj. Gen. Howard M. Snyder, sent word to newsmen that the chief executive's stay at the Augusta National Golf Club had been "very beneficial to him."

"His condition is fine and the muscle tone of his body is excellent," the White House press secretary, James C. Hagerty, quoted Snyder as saying.

In Augusta Eisenhower golfed every day but one during his 18-day visit. Snyder said it provided needed exercise.

More Scientific Manpower Sought For Cancer Study

WASHINGTON, Dec. 13—(P)—The National Cancer Institute today announced a new research training program to make more scientific manpower available for cancer research.

The institute said Surgeon Gen. Leroy E. Burney of the Public Health Service has approved research training grants totaling \$819,067 to 14 institutions. Congress voted \$1,200,000 this year for the program.

Included in the grants are \$38,802 to the University of Kansas and \$11,577 to Washington University, St. Louis.

Under the new program the institutions receiving the funds select and appoint the individuals to be trained and determine the stipends they are to be paid. It extends and supplements but does not replace the research training opportunities available through regular research fellowships and through employment on research projects.

The state did not claim that Steinger, of suburban University City, took part in the actual hold-up, in which Mrs. Fleischman and a maid were bound and the house ransacked.

The robbery netted only \$110 and a pistol.

Mrs. Fleischman, widow of a steel company executive who left a \$236,000 estate when he died in 1950, was asked whether a huge sum of money had ever been carried into the house in suitcases. She called this a complete and fantastic tale.

He said the river stage was down to 3.4 feet and some people thought that meant the river was only that deep.

"Actually the river right now is 10 to 12 feet deep in the main channel which is 150 feet wide," the colonel said.

KILLED—Robert Batura, 19, Danvers, Mass., a Southern Illinois University student and football player, was shot and killed Wednesday in his room which he shared with three other students. Authorities said Batura was struck in the head by a shotgun charge following a prank played on another student. The university is at Carbondale, Ill. (AP Wirephoto).

Steinger Gets Jury Acquittal In Theft Case

Jurors Claim State Held Insufficient Evidence to Convict

ST. LOUIS, Dec. 13—(P)—Attorney Bernard (Barney) Steinger was acquitted by a Circuit Court jury today of an armed robbery charge in a holdup he was accused of masterminding in the belief it might yield three to six million dollars.

William J. Walsh, foreman of the jury, said the jurors felt the state presented insufficient evidence and that they questioned the credibility of the state's witnesses.

The two chief witnesses for the prosecution, Norman Bennett of St. Louis and Stanley R. Earhart of Quincy, Ill., admitted from the witness stand they staged the actual holdup of the home of Mrs. George B. Fleischman in suburban Clayton last Aug. 31.

ALL GO FREE

They, too, apparently will go free since the state dropped robbery charges against them to permit them to testify against the 32-year-old Steinger, who was a candidate for the Democratic nomination for Congress last August.

Pros. Atty. Edward W. Garnholz of St. Louis County, one-time classmate of Steinger at Washington University here, explained to the jury in his closing argument he dropped the charges against the pair so that he could bring out "all the evidence."

"We had to decide whether we were going after the minnows or the sharks," Garnholz said. This brought a defense protest and the jury was instructed by Circuit Judge Fred E. Mueller to disregard the term "sharks."

NOT IN ACTUAL HOLDUP

The state did not claim that Steinger, of suburban University City, took part in the actual hold-up, in which Mrs. Fleischman and a maid were bound and the house ransacked.

The robbery netted only \$110 and a pistol.

Soviet Supply Train Attacked—Unrest Seethes in Poland

WARSAW, Dec. 13—(P)—A wave of angry demonstrations and unrest was reported sweeping Poland tonight.

Unconfirmed reports circulating in Warsaw said demonstrators attacked a Soviet supply train in central Poland and burned down a Soviet officer's house at Lignica, the main Soviet base near the frontier with Germany.

Miners were reported striking at Szmberki in the Silesian coal basin. They reportedly were protesting Hungarian Premier Janos Kadar's dissolution of workers

councils and demanding an end to Soviet intervention.

A similar strike threat was issued by 30,000 workers of the Cegielski steel works at Poznan. This plant formerly was known as Zispa and its workers were the core of the Poznan "bread and freedom" riots last June.

The steel men passed a resolution demanding the Russians withdraw immediately from Hungary and asking the U. N. to send in neutral troops to keep order. As an alternative they suggested employment of non-Russian troops of the Warsaw Pact alliance, of

which Poland is a member. And they said they would strike unless these demands were accepted as official policy.

A report that the plant already was out could not be confirmed.

The reported attack on the Soviet supply train was placed at Kutno, an important rail junction between Warsaw and Poznan and the site of the first major battle of World War II. If confirmed, this attack could have grave consequences. The Potsdam Treaty of 1945 gives the Soviet Union access to Polish railroads to maintain

supply lines with its occupation forces in East Germany.

Other pro-Hungarian demonstrations were reported from Sopot on the Baltic coast and Lipno.

These followed up renewed demonstrations last night in Stettin, Szczecin. It was there that a mob attacked the Soviet consulate Monday night. About 91 persons were arrested for riot acts, but Warsaw papers said those 17 or under had been released. Last night's demonstration was labeled a "hooligan" affair by Warsaw papers, which said the police quickly broke it up.

Another Pound Sterling Crisis--

Britain Again Looks to US To Help Cut Economic Knot

By SAM DAWSON

NEW YORK (AP) — Britain once more is looking to Uncle Sam to help her out of another financial mess.

Crisis for the pound sterling, which a large part of the world uses to transact business, have come along since the war with fair regularity — 1946, 1949, 1952, 1953. The present one looks like a dilly.

Uncle Sam would suffer too if the pound sterling were weakened

too much. And U.S. foreign policy is based on alliance with England and Western European nations. Besides, England points out it could put up securities for the loans it seeks.

Here is what Britain asks:

1. Forgiveness of an 81-million-dollar interest payment this month on the U.S. loan of 1946 which staved off disaster for the sterling area at the end of the war.

2. A possible new loan, but based on British-owned dollar securities as collateral.

3. Help in getting the dollars needed to finance the shipment of Western Hemisphere oil to England to replace oil resources of the Middle East cut off by the blocking of the Suez Canal and by pipeline sabotage.

The latest onslaught on the pound sterling started when Nasser seized the Suez Canal. International confidence in the pound began to waver and the Bank of England had to step in to help hold it at the official rate of \$2.80 in terms of the American dollar.

British reserves of gold and dollars began to shrink rapidly. Then British and French troops landed in Egypt and the rout was on. During November the reserves dropped by 279 million dollars, slipping below two billion dollars to the lowest level since December 1952.

It's going to be a rough winter in England at the best, even with the aid which Uncle Sam is likely to give her. Oil shortages mean more than just the parking of the family car in the garage. They threaten a drop in factory output. This could mean unemployment at home and a decline in exportable goods, further weakening the position of the pound in relation to the dollar.

The weakness would affect a large part of the world outside the Iron Curtain. The dollar area covers most of the Western Hemisphere. The sterling area includes the British Commonwealth nations, except Canada. Among them are India, Pakistan, South Africa, Australia, New Zealand. One fourth of the world's population is in the sterling bloc. And Americans trade with all of them.

Already, however, there is talk in England of imposing strict quotas on the importation there of American goods. The government will need what dollars it can lay its hands on — by trade or gift or loan — to pay for the oil and other raw materials its factories require.

But American bankers point out that while the crisis in the pound sterling is real enough and the winter's outlook bleak, Britain's financial position is far from desperate yet.

In addition to the official reserves of nearly two billion dollars worth of dollar securities owned by the British government. And it probably has left some of the 60 million dollars worth of short-term U.S. government securities it was known to hold until recently.

Britain is already talking with the International Monetary Fund in Washington for up to a half billion advance — part in credit and part in withdrawal of its quota in the fund.

And if Uncle Sam forgives the interest payment due this month, Britain will have around 1 1/2 billion dollars to help tide her over.

Wyatt Earp Ranks as Top TV 'Cowpoke'

By BOB THOMAS

HOLLYWOOD (AP) — Highest riding Western star of TV these days is straight-shooting, smooth-talking Wyatt Earp, otherwise known as Hugh O'Brian.

The ratings show that the Earp epic has been shooting down its opposition ("The Brothers," "Noah's Ark") on Tuesday nights and racking up the largest audience for that evening. It is reckoned to be the highest rated of the cowpoke sagas and ranks with Disneyland and Lawrence Welk as one of ABC's three top shows.

Naturally this is highly gratifying to O'Brian, a hep, handsome ex-Marine who was born in Rochester, N.Y., and grew up in West—in Chicago. When I caught up with him, he had finished his 37 Earp films for this season and was costarring with Marilyn Erskine in a Ford Theater film.

Why has Earp been so successful? "Partly because it's a show the whole family can watch," said O'Brian, who wore makeup scars for his role as a prizefighter. "We don't insult the intelligence of adults. In fact, a breakdown of our audience shows that it is divided almost equally among men, women and children. Strangely enough, the women lead slightly."

"Also, we have been favored by our time. Last year we started out opposite Phil Silvers and he beat us by a few points. Then Silvers moved up a half-hour and that favored us. A lot of people preferred to move to another half-hour show rather than come in at the middle of an hour show, such as NBC had."

His only regret: that the length of the show (8:30 here, 7:30 in the East) eliminates many potential viewers under 8 years.

Canines Now Have Special Weight Diets

By ALTON L. BLAKESLEE

KANSAS CITY, Mo., Dec. 8 (AP)—Dogs, like people, also get fat. For tubby dogs there now is a special reducing diet, one in a series of prescription canine diets.

The reducing diet is low in calories to bring down your dog's weight. It contains fair amounts of substances which provide bulk, thus satisfying hunger pangs, but no nourishment that contributes to making body fat.

It helps not only to reduce the overfed, underactive dog, but also to get a hunting dog in trim for the gunning season.

For older dogs there are special diets richer than usual in proteins, which the body can handle with a minimum of waste. Good health in older age, for both humans and dogs, calls for a well balanced diet that has a good proportion of proteins.

And there are special diets for nursing mother dogs whose bodies face some special demands. Other prescription diets give an extra boost to help puppies grow, or are bland, for dogs recovering from illness.

Veterinarians have long made up their own special diets for animal patients. A more recent development has been the marketing of special canned and dried diets available only through veterinarians, who prescribe them as needed.

Veterinarians say that such afflictions as a poor coat of hair, body contours and lassitude can be warnings that your dog is not getting the proper food he needs for good health.

Various breeds differ somewhat in dietary requirements, but the main difference, according to veterinarians, is in the total calories needed for their particular sizes and activities.

There also are special diets for cats to supply the essential foods they might be missing. But cats, if not confined, usually do far better than dogs in picking the kinds of food their bodies need. Dogs, again like some people, don't seem to be as smart on this score as cats.

Traveling With Children Can Be Fun on New Roads

Eating in a restaurant is only one of the exciting new experiences for youngsters traveling with their parents. To enjoy the holiday trip minus physical upsets, Mom and Pop wisely break the long auto journey with a hot and healthy lunch of easily digested foods.

By KAY SHERWOOD
NEA Staff Writer

Planning to pack up the family and join the army of travelers over the Christmas holidays? Taking the youngsters on a trip is no longer the chore it used to be when the late Robert Benchley echoed the sentiments of travel-scarred parents with his observation: "There are only two kinds of traveling: traveling first class and traveling with children. Traveling with children is like traveling third class in Bulgaria."

What no one mentions is that travel, especially the long auto ride, used to be dreaded by children, too. In my childhood preparations for our holiday trip over rough gravel roads to see the relatives always included a copious supply of newspapers against the inevitable moment when one of us would become car sick.

Happily, times have changed and I can look forward to a trip with our youngsters with pleasure. New super highways insure a smooth, speedy ride. New drugs, some fruit-flavored just for youngsters, control motion sickness.

Most children anticipate a trip with enthusiasm. They like the novelty of new experiences and stimulation from different activities. They like to share in the family project and travel does train them to meet new situations with flexibility and self-reliance.

A few sensible precautions are still important. One potential trouble source is food. Plan to provide proper meals with some time for rest and relaxation before and after. You'll have to steel yourself against the pleas to stop for pop, ice cream or candy. Children should eat hot, freshly prepared meals that are light, bland and low in fats.

A word of warning from Dr. I. Newton Kugelmass of the New York City Health Department applies to all of us: "It is a great mistake to exceed the holiday spirit with new types of food or unaccustomed preparations," he says. "An apparent treat may cause needless difficulty." He frowns particularly on cold eggs, prepared salads, stale sandwiches, milk puddings and mayonnaise dressings.

Food rules are important for children since they are quite susceptible to motion sickness. In addition to upset stomachs, some other common causes of queasy feelings are poor ventilation, pungent odors, fatigue and shrill arguments.

Naturally, you'll want to check with your doctor but a child-sized dose of a drug to prevent motion sickness does help to make the journey a pleasanter one for the moppet who really suffers from the malady.

You don't need to transport a great quantity of toys to keep the kids amused. Two or three of the most cherished possessions, in my experience, are just as satisfactory.

Stokley Club Buys Rhythm Band Set

The Stokley Extension Club met Dec. 4.

A collection was taken for the Crippled Children's Center, amounting to \$11. Part of the money was used to buy a rhythm band set to be donated in the name of Mrs. E. F. Rissler, former club president. Other articles were donated and more band instruments will be purchased.

Fifteen members answered roll call with "Where I plan to Spend Christmas," Mrs. Walker Sparks and Mrs. Robert Wiskur, LaMonte joined the club.

A clothing leaders meeting will be Jan. 2 with Mrs. Robert Hall.

California CWF Hold Clothing Dedication

Thirty-eight members of the CWF of the California Christian Church met on Wednesday night at the church.

The worship service "Peace on Earth" was given by Miss Mathilda Robinson. A film "Peace on Earth" was shown by Mrs. John Terwilliger. Mrs. William R. Allen, service chairman, had a dedication service for used clothing that is being sent by the CWF to Hazel Green Academy in Hazel Green, Ky.

Mrs. B. F. Houser, the new president, was in charge of the program.

After the meeting, the hostesses, Mrs. A. P. Carr, Mrs. Wesley Bayne, Mrs. John Crane and Mrs. Richard Baldwin served refreshments in the church dining room with Mrs. Richard Baldwin presiding at the tea table.

Elizabeth Titsworth Elected to Position

Miss Elizabeth Titsworth, daughter of Mr. and Mrs. George A. Titsworth of Green Ridge, has been elected treasurer of the Kansas University Graduate Club. Miss Titsworth is doing study on her Master of Science Degree in Education and Business, which she plans to complete in June of 1957.

Miss Titsworth received her Bachelor of Science degree in Business Administration from Missouri Valley College, Marshall, in June of 1956. At that time she received honors of Summa Cum Laude.

Tipton Church Retires 61-Year-Old Organ

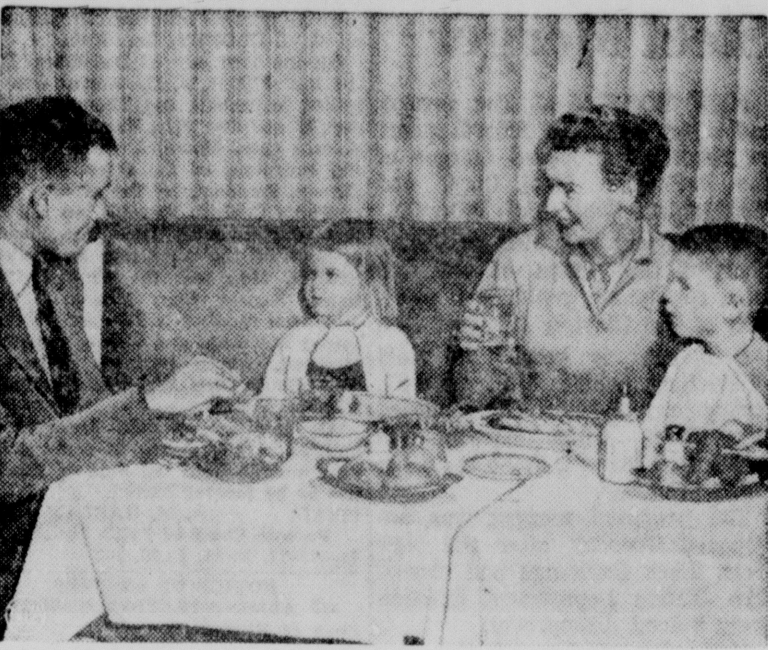

After 61 years of service the old pipe organ in St. Andrew's Catholic Church was dismantled last week and replaced by a new church model Hammond electric organ, Nov. 28. The new instrument is the gift of several anonymous donors, members of St. Andrew's parish and was first played at the Holy Hour on the eve of the feast of St. Andrew, patron of the parish. Mrs. Oscar Schmidt is organist and director of the adult mixed choir, and Sister Lucy performs the same office for the children's choir.

Year-End's Weather---

Maps below give you the U.S. Weather Bureau's long-range forecast from now until January. It is an ESTIMATE of average temperatures and precipitation for the period.

Light precipitation is predicted for most of the country, but New England and California can expect extra snow or rain in December.

There will be cool weather in the eastern third of the nation. Above seasonal temperatures are expected in the far Southwest and in the Great Plains.

Eating in a restaurant is only one of the exciting new experiences for youngsters traveling with their parents. To enjoy the holiday trip minus physical upsets, Mom and Pop wisely break the long auto journey with a hot and healthy lunch of easily digested foods.

The Tanglenook Neighbors Extension Club met Nov. 27.

Roll call was answered by "What I Want for Christmas." Mrs. Roy Ream, president, conducted the meeting. Mrs. Zimmerman's news letter was read by Mrs. Harvey Ream and Mrs. Ben Townsend.

Plans were made for the Christmas party. Secret pal gifts were given out.

Ten members were present.

The Christmas party will be Dec. 18 at the home of Mrs. John Newland.

Install New Officers

Installation of new officers for the 4-H Council was held on Tuesday night at the Methodist Church in California.

The following officers were installed in a candle light ceremony: president, Mrs. Leonard Ratcliff; vice-president, Mrs. E. R. Bond; secretary-treasurer, Mrs. Wesley Allee; and reporter, Mrs. Robert Basinger.

After the business meeting, Christmas carols were sung and a "Useless" gift exchange was held.

Refreshments were served in the church dining room following the meeting.

Ladies Aid Meets

The Walnut Branch Ladies Aid met at the home of Mrs. George Perryguy Dec. 5 with ten members, two men and two visitors present.

The day was spent sewing for the hostess.

New officers were elected for 1957. Gifts were exchanged, secret pals revealed and new pals selected.

Mrs. Paul Hudson reported that the new church, "Prairie View Community Church," will soon be ready.

The next meeting will be Jan. 2 with Mrs. Frank Bufon.

President Too Busy to Pose-- Murals of Eisenhower Life Were Painted From Photos

By THE ASSOCIATED PRESS

The artists who painted the huge 1,100 square foot murals for the Eisenhower Museum in Abilene, Kan., never got the President to model for them.

The murals, depicting Eisenhower's life in more than 30 scenes from boyhood to president, are the work of two famous artists, Louise Bouche of New York and Ross Moffett of Provincetown, Mass.

Both had to work from photographs because the press of world events and Eisenhower's recent illnesses prevented him from posing.

"Originally," said Bouche, "I was told the President would pose for me but that never worked out because of the press of business. Later I was supposed to sit in on a presidential press conference so I could sketch from life but that didn't come to pass either."

The murals cover four walls in the museum lobby. Moffett's show Dwight Eisenhower from childhood to the presidency. Bouche's murals depict scenes from his military career.

The two artists were commissioned, at about \$25,000 apiece, by the National Academy of Design to paint the murals, a gift to the museum from the Abbey fund set up by the widow of Edwin Austin Abbey, noted 19th Century mural painter and illustrator.

It was left entirely up to the artists how Eisenhower's life would be portrayed and how the work would be executed. Moffett, best known for his Cape Cod scenes and seascapes, chose Eisenhower's boyhood and postwar career mainly because he himself had grown up on a farm in the Midwest and had a nostalgic feeling for the country.

Moffett was born on a farm near Clearfield, Iowa, but has lived most of his adult life in Provincetown. His painting and murals hang in many prominent public buildings and museums, notably Philadelphia's Pennsylvania Academy of Fine Arts, New York's Whitney Museum and Washington's Corcoran Gallery.

'Little Hoover' Plan To Get New Attention

JEFFERSON CITY (AP)—The Missouri Public Expenditure Survey wants the 1957 Legislature to give renewed attention to recommendations of the state's "Little Hoover" Commission.

The 1955 Legislature ignored most of the 112 recommendations to improve the state government's operations. If that happens again, the survey said, Missouri may lose its best chance for governmental progress since the 1945 Constitution was adopted.

The survey is a taxpayers' organization which acts as a watchdog on government spending. It said adoption of the "Little Hoover" Commission's ideas could save hundreds of thousands of dollars.

The survey urged the new Legislature to set up a special joint committee early in the session to sponsor "Little Hoover" bills, especially for changes in budgeting procedure and fiscal operations.

Preview of Spring and Summer Fashions

By GAIL DUGAS
NEA Women's Editor

NEW YORK (NEA)—Pointing the way to spring and summer fashions, the resort collections give us a fair idea of what we'll be wearing when warmer weather rolls around again.

The empire line, well-liked for several seasons, continues. But in the resort fashions, the effect is short-waisted rather than the very high Empire gathered just under the bustline.

The bloused top goes on into resort fashions and takes precedence over the pleated back. It's used for both daytime sheaths and late-day dresses, and sometimes appears in combination with a panel effect.

Skirt lengths have not changed drastically despite Dior. Some designers have shown hemlines an inch longer; many have not. The longer lengths are confined to after five, dinner dress and evening wear, and longer lengths at this time of day are not news making. The hemline for after-five wear has always varied somewhat from designer to designer for many seasons now.

After five, the hemline may be anywhere from 10 inches from the floor to the anklebone, or it may be irregular. That is, it may be 12 inches at the front and floor length in back. The irregular hemlines, of course, are confined to evening dresses. They are not seen for cocktail wear.

No Apple For The Teacher

PHOENIX, Ariz. (AP)—A company which wanted to welcome the annual convention of the Arizona Teachers Assn. left a barrel of apples in the school gymnasium where the meeting was to be held.

But there were no apples for the teachers when they arrived. The students got there first.

California WSCS Has Program on Children

Thirty members of the Women's Society of Christian Service of the California Methodist church met at the church Monday evening. The quiet hour was held at 7:30 with 11 present.

Mrs. Don Moore led the devotion for the general meeting at 8 o'clock. Mrs. Roger Connelly presented the program "For All Children," assisted by Rev. Connelly. The program was presented as a radio station program through station WSCS announced by Rev. Connelly.

The business meeting was conducted by the president, Mrs. Berl York. Reports were given by the circle chairmen and officers. The treasurer reported that \$290 was made from the annual turkey dinner and bazaar.

After the business meeting, all assembled in the church dining room for the social hour. The hostesses, Mrs. Ray Ehler, Mrs. Neil Newton, Mrs. J. P. Roedel and Mrs. Harold Dickson, served from a beautifully decorated Christmas table.

Red Cross Volunteers Donate 714 Hours Service in November

November was an unusually busy month in the chapter with members of service groups serving 714 hours. Some 186 volunteers gave service at Bothwell Hospital and Whiteman Air Force Base Hospital.

Over 600 cookies, which were served during the visit of the mobile unit to WAFB Nov. 29, were baked by the ladies of the following extension clubs: Striped College, Bothwell, South Abell, Dresden and Maplewood.

Schools are again urged to bring in their Junior Red Cross enrollment and gift boxes as they can be sent in as soon as possible.

Private Roads For Antelope

CHEYENNE, Wyo. (AP)—Most states' traffic woes center around too many trucks and cars, but Wyoming faced a serious traffic problem with migrating antelope.

It was simply this: Federal aid regulations require fencing along highways designated on the interstate system.

The natural migration paths to food and water for southern Wyoming's vast antelope herds frequently cross U. S. 30.

The highway department could not get federal aid funds unless the highway is adequately fenced — and the state game and fish department maintained the antelope herd, vital to the state's recreational and tourist economy, would be wiped out if the migration paths were blocked.

The solution:

When U. S. 30 is improved to four lanes under the interstate highway program, underpasses will be constructed every two miles along nearly 300 miles of road — just to let the antelope cross.

Sad Days For Clowns

HILLSDALE, Mich. (AP)—Sad-eyed circus clown Hal (Happy) Kelms wishes his audience would quit throwing things at him. "I can't understand," said Happy. "It's getting so we hate to go on."

Kelms said children used to laugh and applaud when the clowns put on their acts. "But now," he said, "kids, and some grownups, think it's funny to throw peanut shells or shoot iron staples at us."

Iraq's Aged Strong Man Is Weakening

By WILLIAM L. RYAN

BEIRUT, Lebanon (AP)—Iraq's aged strong man is weakening under mounting pressure.

Nuri Said, 68-year-old premier of the nation which is an important key to the future of the whole Middle East, appears today to have his back to the wall.

Like a man preparing for an impending storm, Nuri has arrested and confined a number of opposition leaders. He has kept all secondary schools and colleges closed since the outbreak of fighting in Egypt to prevent student rioting.

He has clamped down a rigid martial law, transforming Iraq into what the literate population considers a total and often harsh police state.

He has imposed the strictest of military and civilian censorship on the local press and on foreign correspondents.

This writer has just returned from Baghdad.

He has talked to dozens of Iraqis, all the way from government extremists to Arab nationalist extremists, journalists, businessmen and members of Iraq's small class of professional people.

The conclusion is inescapable. At least 90 per cent of the literate population of Iraq—perhaps more—oppose Nuri.

Seasoned observers of the Middle East say this:

It may not be tomorrow. But it is inevitable that Nuri will fall.

When that comes, just anything can happen — because only the strength of Iraq's strong man has kept the country from hurtling toward chaos.

The Iraqi army is on the alert — against Iraqis. It is obviously prepared to move into any trouble spot at a moment's notice.

Iraqi Foreign Minister Burhan Eddin Bishayeh told this correspondent a few days ago he considers the crisis in Iraq passed with the decision of Britain and France to withdraw from Egypt.

But even the foreign minister admitted that it would be weeks before the schools would be reopened. And other observers in Baghdad express the belief that Iraq's crisis is only beginning.

The crisis could be a reflection of rising public pressure on the Egyptian events and the vague Arab dream of a united empire under a hero leader. This has been fanned by all sorts of agents — Syrian, Egyptian, Communist and home-grown nationalist extremists. All oppose Nuri's determination to keep Iraq in the Baghdad Pact, the only Arab member of that pro-Western, anti-Soviet alliance.

The Group departed from Norfolk, Va., for a good will and training cruise in North European waters, but was ordered to join the 6th Fleet following the outbreak of hostilities in the Middle East.

Woman Stuns Court When She Confesses

DALLAS — Mrs. Eugene Hague stunned the courtroom at her husband's murder trial yesterday by sobbing out from the witness stand she was the one who had done the killing. But the jury convicted Hague and sentenced him to 37 years in prison.

Mrs. Hague, 44, was arrested and charged with murder as soon as she finished her testimony.

The jury's verdict left a legal tangle. No one would undertake to say immediately what would happen to the murder charge against Mrs. Hague. She is in jail.

Hague, 43, was on trial for the slaying of Ernest Allbritte, 27. He was shot to death Aug. 26 at a party attended by the Hagues, the Allbrittes and two other couples at the home of Charles Tibbs. An argument broke out. Hague had a gun.

"Mrs. Allbritte slapped my husband and they fell to the floor scuffling," Mrs. Hague testified. "Both Allbrittes had my husband on the floor and were kicking and beating him. He was all bloody."

"My husband's gun was lying on the floor. Allbritte reached for the gun but I grabbed it. He told me: 'I'll kill you.' I shot him. He kept coming at me. I shot him again."

Mrs. Hague indicated the trouble started when "Allbritte told my husband Tibbs had said something about me."

She said Hague and Tibbs had a few words in a bedroom but apparently came to an understanding.

The state did not present any witnesses who testified he had seen Hague shoot Allbritte. Mrs. Allbritte previously testified she pushed Hague but was out of the room when the shots were fired.

Hague did not take the stand. A signed statement attributed to him said:

"I was so drunk I don't know what happened. I remember some shooting and I left."

Blames Overwork For Doctor's Thief Trouble

REDWOOD CITY, Calif. — Dr. John F. Riordan, \$15,000-a-year anesthesiologist, says he was a "cat burglar" because he became "unglued" mentally.

Dr. Riordan is employed at San Mateo County's Community Hospital.

Dr. Harold Chope, county health director, blamed worry and overwork for the dapper 35-year-old surgical aide's troubles. He said Riordan would be kept on the payroll.

"I've been working the life out of the guy, often more than 80 hours a week," Dr. Chope declared.

"This man is not a criminal. He has a mental illness. I've been trying for months to get some help at the hospital for him."

Dr. Riordan said he had had only five days vacation in three years.

He was arrested at Community Hospital Tuesday. He has a wife and 7-year-old daughter.

The arrest was kept secret until yesterday.

Police refused details about the burglary the doctor admits. Dr. Cope was present when newsmen talked to Dr. Riordan and stopped all questions about the break-in or whether there was more than one.

Dr. Riordan said: "I admit only one incident. Officers, asked me about several other cases and I have no memory of ever having been in any of those homes, by invitation or otherwise."

He blamed an "obsessive compulsion to prowling."

His arrest came after a series of burglaries in Belmont, a San Francisco suburb where he lives near the hospital.

Workers Strike

the Bajalannis factory late this afternoon. They were immediately surrounded by hundreds of the plant's 6,000 striking workers.

"We continue to strike until Racz is back," workers told reporters.

They said they had refused to work even after several hundred armed Hungarian soldiers had moved into the factory.

"Isn't it a shame what they do to us here?" a woman worker said.

"They brought in several hundred troops and seized our factory. They want us to work with soldiers standing over us, but they are mistaken. We decided to strike until they free Racz. A delegation from our factory made this formal demand to the government today. It was rejected."

Thye Pushes For Erasing Filibusters

WASHINGTON — Sen. Thye (R-Minn) proposed today that Republican and Democratic Senate leaders "get behind an all-out effort" to change the Senate rule which permits filibusters.

Thye, who said he wants passage of civil rights legislation, said in an interview he anticipates failure for a move by 10 senators to get new debate-limiting rules adopted at the opening of Congress next month.

"The Senate is a continuing body and its rules stand from year to year," Thye said. "The only way to get the present debate limitation rule changed is for leaders of both parties to get behind an all-out effort to change it in the regular way."

Thye indicated he had in mind a possible bipartisan effort to wear out a filibuster by Southern Democrats against any effort to adopt a talk-curb rule.

Under present rules, debate may be limited only by the affirmative vote of 64 of the 96 senators.

In the past, Southern senators have used the filibuster weapon effectively to kill off civil rights legislation. Advocates of such legislation want to blunt this weapon by adopting a new rule that would allow a majority vote of the Senate to curb debate.

But Southerners, who can be expected to fight any such move with all possible resources, would be certain to take full advantage of the absence of any provision for a limitation on debate on proposed rules changes.

To get around this, 10 senators headed by Sen. Humphrey (D-Minn) have said they will move Jan. 3, the opening day of the new session, to adopt an entirely new set of rules.

Government Acts to Stop Steel Merger

NEW YORK — The government has acted in federal court to block the proposed merger of the Bethlehem Steel Corp. and Youngstown Sheet and Tube Co.

A monopoly suit filed yesterday charged that union of the two steel companies would be a violation of the Clayton Antitrust Act.

Bethlehem is second in steel production behind U.S. Steel. Youngstown is sixth. The proposed 2½ billion dollar consolidation would still leave U.S. Steel as the No. 1 producer.

The proposed merger was announced Tuesday after the New York Stock Exchange had closed. The Justice Department immediately voiced disapproval.

Yesterday shares of the two companies declined on the exchange. Bethlehem fell \$3.25 a share to \$185, Youngstown \$7.12½ to \$120.62½ a share.

The government asked the court:

1. To find the proposed acquisition by Bethlehem of Youngstown a violation of Section 7 of the Clayton Act;

2. To enjoin Bethlehem and Youngstown from carrying out their merger agreement or any similar one;

3. To issue a preliminary injunction against Bethlehem and Youngstown restraining them from taking any action in furtherance of the merger;

4. To order the defendants to pay the costs of the suit.

The government contends the merger agreement, if carried out, "may substantially lessen competition or tend to create a monopoly."

Under the agreement, all assets of Youngstown would be transferred to Bethlehem in exchange for Bethlehem common stock. The common stock received by Youngstown stockholders and Youngstown then would be dissolved.

College Student Held for Murder Following Prank

CARBONDALE, Ill. — A 20-year-old freshman at Southern Illinois University was held in jail today on a charge of murder in the shotgun slaying of his roommate, a star on the football team, in a flareup of tempers over a prank.

The victim was Robert Batura, 19, of Danvers, Mass., a sophomore and end on the university's football team, who was hit in the head at close range by a charge from a .12-gauge shotgun.

A charge of murder was placed against Fred Sinroll of Sterling, Ill., who was ordered held in jail without bond after he appeared before Police Magistrate Roy Hall.

The shooting occurred in a rooming house near the campus early yesterday. Batura shared a second-floor sleeping room with Sinroll and two other students, Henry Hillman, 18, Park Ridge, Ill., and John Abramovitch, 21, of Haverhill, Mass., captain-elect of the S.I.U. football team and a close friend of Batura.

Police said Hillman and Abramovitch told them they witnessed the shooting, which they said was touched off by a prank. While Sinroll was downstairs making a telephone call, they said, they turned his bed around and hid his sheets and blankets.
